NEWS LETTER

Ashoka Univeral School, Arjun Nagar.

ISSUE NO : 10 | JULY 2022

Board of Honour

With a vision to create leaders of tomorrow, Ashoka Universal School held its annual Investiture Ceremony which is a step towards developing leadership qualities.

The ceremony is not just about providing titles to the newly elected student body, but also about conferring responsibilities to the students so that they can step into the leadership role and take an oath to deliver their duties promptly thus striving to impact the school community positively on the path to success.

District Interact Head Mugdha Lele chaired the prestigious event as the guest of honour in the presence of school management, heads, parents, and students.

**ICSE 20-21
Toppers!**

Ashoka Universal School's students from Arjun Nagar campus achieved grand success in the ICSE 10th Board exam.

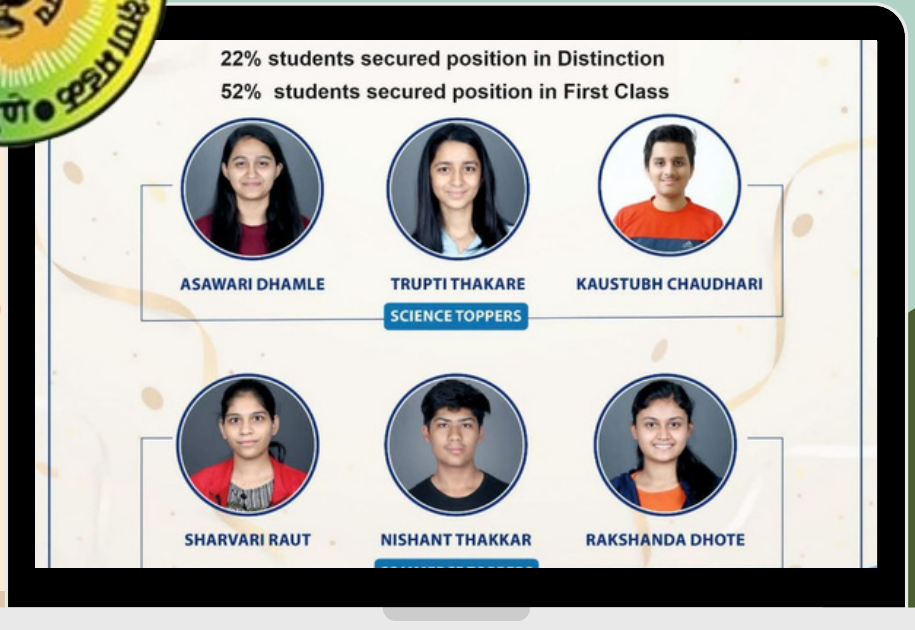

The students gave an outstanding performance in spite of the pandemic situation, which did not deter their spirits and kept the teaching and learning process unaffected through online classes, application-based study techniques and innovative pedagogies.

We have not only achieved a 100% passing result but around 28 of our students have gone on to score above 90% and 80% of students secured a position in first class.

Congratulations to the students, parents, and teachers for their valuable guidance.

**HSC
20-21
Toppers!**

Ashoka Universal School is happy to announce the XII HSC 2022-23 results

Consistent hard work, dedication, and passion by our learners have finally shown a successful outcome as our students score flying numbers in XII HSC board exams.

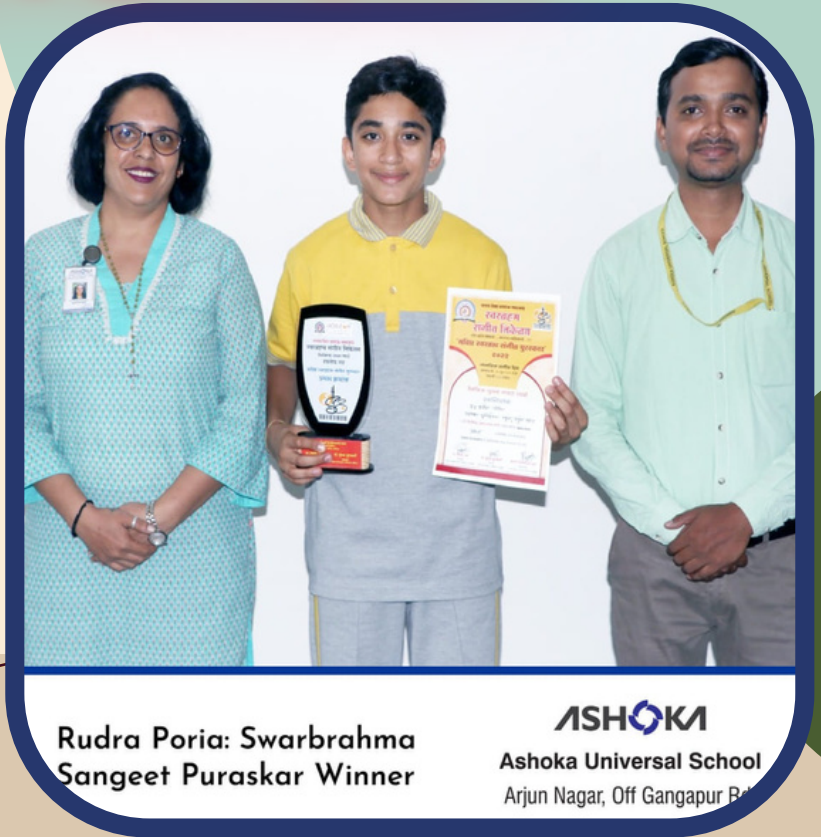

With a 100% passing rate, 52% of students secured positions in first class in the exam.

Kudos to their efforts and congratulations to the teachers and mentors.

At Ashoka Universal School we host a holistic education system with a well-equipped campus and skilled mentors.

Locution

A well designed school mural can connect with students and staff in a way that no other channel can. Perhaps it's because of the carefully chosen images, bold colors and timelessly tailored text.

Our creative Grade IX-XII Ashokites made the most of it when they got a chance to stroke off the brushes on the walls of their school.

A wonderful display of art and intelligence. Through this opportunity the students came up with such a beautiful side of their artistic personality and amazing wall paintings were exhibited. A small hand on experience was provided to the students, where they participated with complete enthusiasm and zeal.

FOUNDER'S DAY

The entire Ashoka Group of Schools' family from the institute's Arjun Nagar campus revelled in the Founders Day celebration on Friday.

Celebrating the birthday of their beloved Chairman Sir Ashokji Kataria with an eventful atmosphere around the campus, students presented many excellent performances portraying the school's Mission Statement-In-Action.

The mission statement emphasizes commitment, love for Indian ethos, honing students to become responsible global citizens, redefining education, accelerated need-based learning and a holistic approach toward teaching and learning.

We wish our beloved Chairman Sir good health and prosperity and a promise to fulfil all his visions that he has encompassed for Ashoka.

The Money Game

You work you earn money
You spend it you don't have any,
Buy yourself a place somewhere sunny
Have yourself a new family member, a bunny
Expensive torn clothes make you look funny
For your family, please save some money
Saving money, your wife would call you honey

Dangers of money could put you in a downfall
Gamble money, You don't have it at all
High Expenditures could leave you small
To have a business in the air a mile tall
If it goes bad, you can't afford a doll
Be wise and Intelligent to make it all
Please don't spend it all.

She said it..

She said it with concern, she said it with love
she said it keeping faith in the god above
she said it so softly
she said it for my safety
but what she said, speechless it left me
she asked me to cover my body
because some didn't see it purely
she wanted me to button my lip like the others
be it maidens, or wives or mothers
she said that a girl has to be shy and delicate
that I have to mock-up the "ideal girl" portrait
we had talked about it already, she and I,
she continued to stick with her point and left me with a sigh
no matter how much I argued,
she said that a woman mustn't keep her head too high
she said it all being a female herself
cause no one's doing anything about them- the ones needing the real help

I Explored Me!

Music is life itself and these words suit me so perfectly.

Singing had always been my hobby but it was hidden somewhere inside me. It all started when I was in Grade 4 and I was casually singing a song in the school lobby. My talent was noticed and identified then and not only me but also my parents were persuaded to let me practice singing. I was empowered to join Music as my activity.

In the initial months I got a good grip over sur and was further groomed .

My first participation in Limbu Timbu itself help me reach State Level Finale Round.

Thereafter I got many chance to participate and win laurels for myself.

I feel blessed that I have immense talent in singing but more blessed that the school helped me discover it.

Today after having so many opportunities that the school has provided of being able to participate upto National level Singing competitions, I feel so strong.

I take great pride in saying that I have reached great level of perfection with the help and advice of the people around me in the campus.

I would end saying that Ashoka Group of schools design the evolution of its students.

I Explored Me!

Ashoka Universal School, has taught me about myself, and that is the most important lesson that I have learnt. This metamorphosis has taken me from what I used to be to what I am now.

This beloved school has played a dynamic role in helping me discover, establish and improve myself.

Morning assemblies, elocution competitions, debates, spelling bees, artistic competitions, musical performances, cultural activities, annual functions, sports days, rotary club, this school offers so much.

It has provided me with tremendous opportunities to showcase my talents and skills by organising innovative activities, intellectual competitions and entertaining events.

I have discovered most of my skills in the school itself.

When I was new to this school , I only wished to anchor in events and participate in competitions but never had had the courage as I was quiet and shy.

The friendly environment here has helped me boost my confidence which enabled me to actually anchor, participate and win elocutions .

The counselling sessions from Univariety are truly guiding me in choosing my career.
I was able to discover my likes and dislikes because I gained complete information about them.

I learned my interests and abilities because I received a platform to try.

I know what my goals are, what I need to accomplish in future, and what kind of person I want to become.

I give all credits to Ashoka Universal School.
Thank you.

'Still I Rise' is a poem by the American poet Maya Angelou (1928-2014), published in her 1978 collection *And Still I Rise*. A kind of protest poem which is defiant as well as celebratory, 'Still I Rise' is about the power of the human spirit to overcome discrimination and hardship, with Angelou specifically reflecting her attitudes as a black American woman. Alike Maya every individual should believe in himself and should take proud in the bruises and burns on their body. It is not the destination but the journey that holds importance.

Remember,
Our doubts are traitors,
and make us lose the good
we oft might win,
by fearing to attempt."

CAREER COUNSELING

Miss. Neha Gupta

Career counselor,
Ashoka Group of Schools

Career Counseling helps them understand the career options that they have, and how to pursue them. Career Counseling helps them understand their own strengths and weaknesses with regard to their present course or profession, and lets them know what career they would be suited for.

Career Counseling is a process that focuses on helping one understand one's own self, as well as work trends, so that one can take an informed decision about career and education.

At Ashoka we realise the fact and significance of a genuine Career Counselor. We are happy to announce our association with Neha Gupta Ma'am as a counselor is the essence of right guidance, which is why he/she is the most important element of any career counseling process. Career Counselors are experts in psychology, which means that they should hold at least a post-graduate degree in Psychology/Applied Psychology, and/or a diploma in Counseling Psychology. Career Counselors who give guidance for a particular field, such as engineering, management, hospitality, etc., must be experts in the concerned domain.

A good Career Counselor is a problem solver, a keen listener and observer, and has sufficient knowledge of various fields to guide you in your career decisions.
