## LIFE MUST GO ON...

Life has been slowly returning to normal in India after the trauma of a ferocious coronavirus surge to a halt, sickened tens of millions, and left hundreds of thousands dead. Despite obstacles and unprecedented challenges, students step inside a classroom for the first time after almost 18 months.

# STUDENTS BRING BACK LIFE TO THE SCHOOL CAMPUS

Students of Ashoka Global Academy finally bring back life to school campus. The safety of our students is the priority. Sanitation and physical distancing are maintained all the time.

# THEME OF THE MONTH: GOAL SETTING AND CYBER SAFETY

Today, in the technological world, where technology played a vital role during pandemic, it is important for learners to know about being safe online. As part of the thematic curriculum, the theme for the month of October was "Goal setting and cyber safety". It was created with an objective to make the learners realise the momentousness of setting a goal in life and also know the ethics to be followed online.

To give a clear understanding, the theme was divided into goal setting for the primary section and cyber safety for the secondary section.

1. *Academic goals – Be good at every subject*

2. *Co-curricular goals- Try to improve handwriting and participating more*

3. *Personal goals (behavioural goals) - Believe in yo'self. Try to complete all the tasks*

# HALLOWEEN CELEBRATIONS

"When black cats prowl and pumpkins gleam, may luck be yours on Halloween."

# DIWALI CELEBRATIONS

HAPPY  
DIWALI

*May the light of diyas fill your home with wealth, happiness, and success that brings you joy!*

# STUDENT'S CORNER: POEM: HOME

*I just wanna go back home,  
But I guess I dont belong anywhere.  
I am completely lost in the dark,  
finding a place...A home.  
Where I will not be a stranger in a crowd,  
Where people would love my flaws,  
Where I won't be a mistake,  
Where I at least would be considered,  
and at most loved.  
I never asked for a mansion or a castle.  
it's just a messed up place where I belong,  
I also wanna walk in that kinda place and realize I am home.  
is it so hard?*

Continued on next page...

I can't stay here anymore,  
it's the same time,  
same place,  
same people,  
still unknown.

I know I am not like the rest,  
I am sorry, I am a mistake. But hope someday... Someone would  
accept me.

I just need a place  
Where loneliness hides,  
Where I can smile,  
Where I have my rights,  
and  
Where I belong.
