MIMANSA

AY 2024-2025

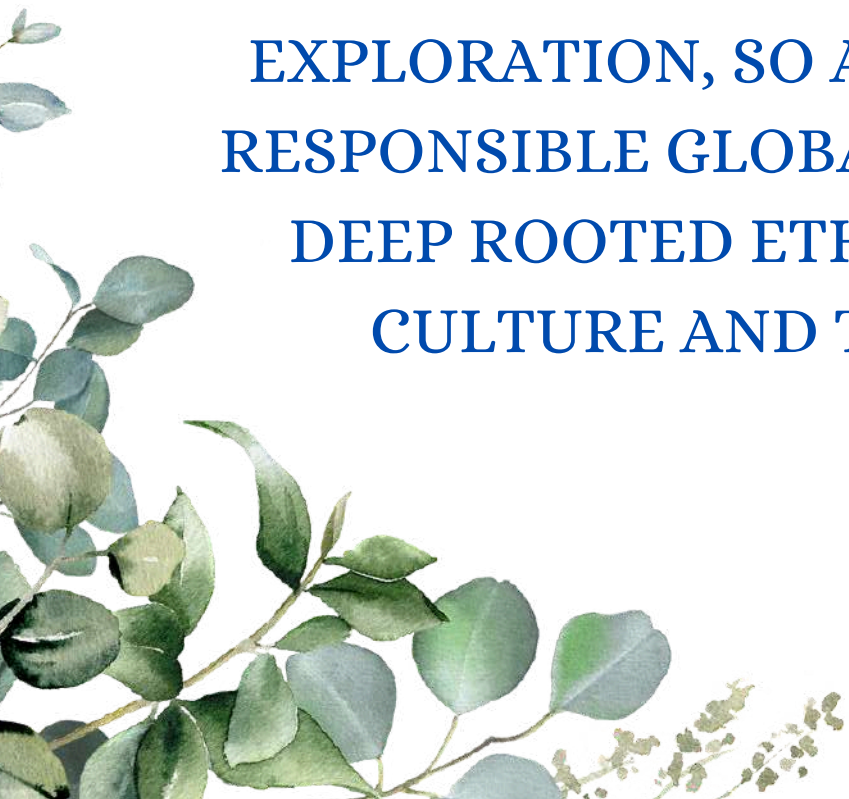

GOING ABOVE AND BEYOND

Mission Statement

"WE ARE COMMITTED AND DETERMINED TO REDEFINE THE CAUSE OF EXCELLENCE IN EDUCATION AND IMPLEMENT IT THROUGH ACCELERATED NEED BASED PRACTICAL ORIENTED PROCESS WITH HOLISTIC APPROACH; TO EMPOWER THE LEARNER FOR SELF EXPLORATION, SO AS TO BECOME A RESPONSIBLE GLOBAL CITIZEN WITH DEEP ROOTED ETHOS OF INDIAN CULTURE AND TRADITION."

Shaping the Future with Wisdom

The future is not approaching. It is here, unfolding in real time around us. We see it in the rapid transformation of knowledge, in the way information travels instantly across the globe, and in the new questions our children are beginning to ask. The tools that shape their learning is evolving faster than any generation has witnessed before. Artificial Intelligence is no longer a distant promise of tomorrow. It is a living reality shaping our classrooms, our homes, and our children's imagination.

As educators and parents, we stand at a remarkable turning point in history. The question before us is not whether AI will influence education. It already does. The real question is how we will guide its influence.

We choose to see AI not as a disruption, but as an opportunity. An opportunity to expand horizons, personalize learning, and nurture innovation. When used thoughtfully, AI can strengthen research, deepen inquiry, spark creativity, and prepare students for a world that demands adaptability and digital fluency.

Yet progress without reflection can create imbalance. In an increasingly connected world, balance becomes our greatest strength. Children need real-time interaction, community engagement, and experiential learning alongside digital tools. Free play, creative exploration, and face to face dialogue are not outdated traditions. They are foundational pillars of health development.

Education has never been merely about information. It is about formation. Formation of character, of critical thinking, of empathy, and of values. No technology, however advanced, can replace the transformative power of a teacher's mentorship, the confidence built through collaboration, or the life lessons learned through play, exploration, and human connection.

As stakeholders, teachers, parents, and students share a sacred responsibility. Schools must integrate AI with intention and clarity. Parents must remain mindful of digital habits while preserving the sanctity of family conversations and outdoor experiences. Students must be guided not only to use AI effectively, but also to think independently, responsibly, and ethically.

We cannot and should not resist technological evolution. Instead, we must lead it with wisdom. Let AI supplement learning, not substitute effort. Let it enhance curiosity, not diminish critical thought. Let it empower our children without exhausting their imagination.

Our vision is clear : To raise a generation that is technologically competent, emotionally intelligent, and morally grounded. A generation that adapts to change without losing its essence. A generation that understands that innovation and integrity must walk together.

The future belongs not merely to those who master machines, but to those who remain deeply human while doing so.

Let us embrace intelligence created by machines, while safeguarding the wisdom, compassion, and courage that define us as human beings.

-Ms. Astha Kataria
Managing Trustee

The Quiet Strength of Tolerance

Human civilization has progressed through discoveries, innovation, and knowledge. Yet, one of the most powerful forces that has allowed societies to grow peacefully is tolerance — the ability to respect and accept differences.

Throughout history, civilizations that embraced diversity of thought, culture, and belief flourished as centres of learning and creativity. When people learn to live together with understanding and mutual respect, societies become stronger and more humane.

In our classrooms too, every child brings unique ideas, backgrounds, and perspectives. Learning to listen, respect differing opinions, and appreciate diversity are lessons as important as any academic subject. These experiences shape young minds into compassionate and responsible citizens.

Education must not only build intellect but also nurture character. When students practice tolerance in their daily interactions, they learn that true strength lies in empathy, kindness, and respect for others.

As educators and parents, our shared responsibility is to nurture a generation that values understanding over division and cooperation over conflict. In doing so, we contribute to building a more peaceful and inclusive world.

—Ms. Sudipta Dutta
Principal, Ashoka Global Academy

The Vice-Principal says

Sustainability in Education: Nurturing Responsible Learners for the Future

Education plays a pivotal role in shaping the future of our society. In today's rapidly changing world, the concept of sustainability has become an essential part of educational philosophy and practice. Sustainability in education is not limited to environmental awareness; it involves building knowledge, skills, values, and attitudes that empower students to make responsible decisions for the well-being of society and the planet.

During the academic year, our institution has continued its commitment to integrating sustainable practices into the teaching-learning process. As educators, we believe that schools must serve as platforms where students not only acquire academic knowledge but also develop a sense of responsibility toward the environment and society.

Sustainability in education encourages learners to think critically about global challenges such as climate change, resource conservation, and responsible consumption. By embedding these themes into classroom discussions, projects, and co-curricular activities, we help students understand the interconnectedness between human actions and the environment. Through interdisciplinary learning, students explore how science, social studies, language, and mathematics can collectively contribute to sustainable solutions.

In our classrooms, students are motivated to ask questions, research solutions, and participate actively in activities that foster awareness and action. Beyond the classroom, several initiatives throughout the year have encouraged students to practice sustainability in their daily lives. Experiences such as [IAYP](#), [School Enterprise Challenge](#), [our NMC school collaborations](#) and [UN Geneva and Vienna visits](#) allow learners to connect theoretical knowledge with practical action.

The Vice Principal says

Another important aspect of sustainability in education is the development of lifelong learning habits. By fostering curiosity, adaptability, and responsibility, schools prepare students to face future challenges with confidence and creativity. Sustainable education equips learners with the ability to make informed choices that benefit not only themselves but also the larger community.

As we reflect on this academic year, it is encouraging to see our students becoming more aware, responsible, and proactive in contributing to a sustainable future. The collective efforts of educators, students, and parents have helped strengthen a culture where learning goes hand in hand with environmental and social responsibility.

Moving forward, our vision remains clear: to continue nurturing learners who are not only academically competent but also conscious citizens committed to building a **more sustainable, equitable, and resilient world**.

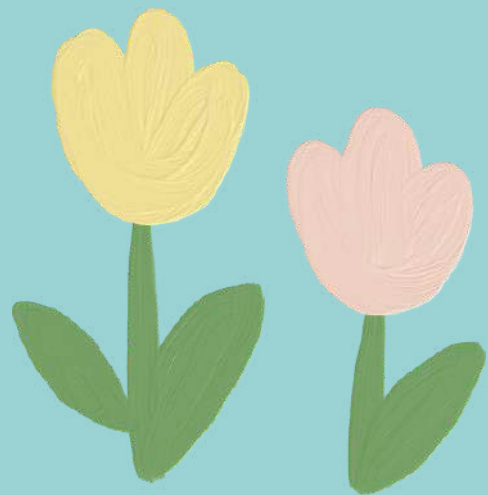

Thank you!

”

Father's day - 16th June

Dear Mimansa,

As Father's Day approached on 14th June, I was feeling a little extra excitement in the air. The thought of celebrating the special bond between fathers and children made me look forward to the day. We, as students, were thrilled to engage in a heartwarming activity that truly honored this connection.

The idea of crafting personalized Father's Day cards was perfect. Not only did it give us the chance to show off our creativity, but it also allowed us to express our gratitude and love for the paternal figures in our lives. I couldn't wait to put my feelings on paper and make something special for my dad.

INTERNATIONAL MUSIC AND YOGA DAY

Dear Mimansa,

On June 21st, Ashoka Global Academy celebrated International Music and Yoga Day, and it was such a calming experience. The day started with a serene yoga session in the school courtyard, guided by a renowned instructor. As students and teachers, we practiced various asanas and breathing techniques, surrounded by a peaceful atmosphere that was made even more beautiful by live sitar music.

The day didn't stop there—it continued with vibrant music workshops and student performances. We got to enjoy everything from classical to contemporary genres. But the highlight of the day was a collaborative performance where traditional instruments blended with modern melodies, beautifully showcasing the harmony and diversity of musical expression.

INVESTITURE CEREMONY

Dear Mimansa,

Let me introduce our set of students stepping into the Board of Honor, as we now carry responsibilities on our shoulders.

As members of the Senior Board of Honors, we pass on our flags, letting our juniors take our place. I'm sure our new leaders will do a great job representing the school.

FIRST A LEVEL BATCH GRADUATES! CONVOCATION CEREMONY

Dear Mimansa,

On Convocation Day at ASHOKA GLOBAL ACADEMY, I felt proud celebrating the hard work and achievements we all shared. The ceremony had inspiring speeches, and our valedictorian's heartfelt words really touched me—full of reflections and hope for our future.

This moment marked the end of one journey and the start of another. I want to congratulate all of us graduates and wish everyone happiness and success ahead. This event will always stay with me—so full of pride and joy for all of us at school.

19 July

National **FRENCH** **DAY**

Dear Mimansa,

On July 19th, we celebrated Bastille Day at school with an exciting assembly that helped me connect with French culture and history. I loved the mix of French music, interesting presentations, and amazing performances—it really pulled me into the spirit of liberty, equality, and fraternity. It felt like a joyful celebration that helped us all understand how important this day is in French history.

FRENCH FANCY DRESS COMPETITION

Dear Mimansa,

What better to be French than to walk the ramp with pomp and flair! On 19th July, we had the most fun French fancy dress competition for Grades 1 to 5.

The energy was just amazing—everyone came dressed as the quirkiest and most creative things! There were food items walking, talking, and posing on stage, superheroes like Superman and Spiderman showing off their French side, and some adventurous souls even turned into the Eiffel Tower! It was a celebration full of imagination and French fun!

FOUNDER'S DAY

Dear Mimansa,

19th July, Founders Day, has always been a glorious event for us Ashokites.

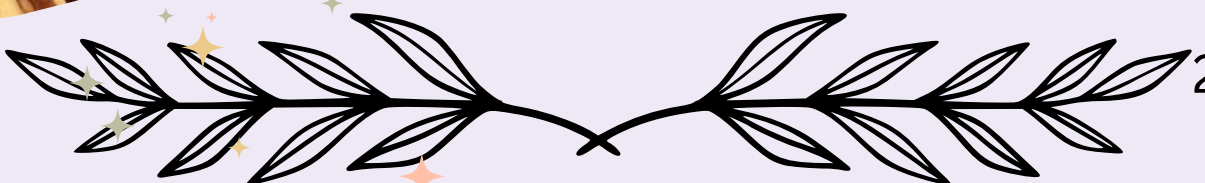

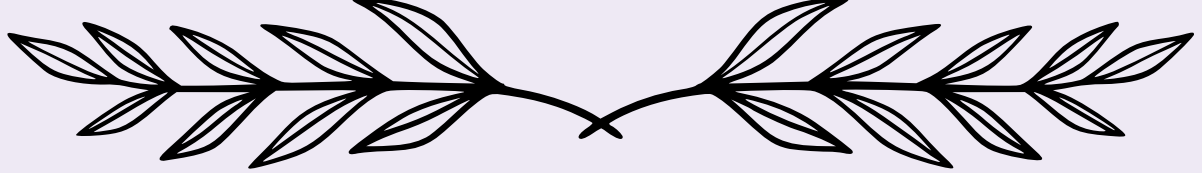

There was no stone left un-turned to make it the best day ever for our beloved Founder, Sir Ashokji Katariya. Talented students across the Ashoka Group of Schools dazzled the stage with performances such as instrumentals, songs and dances.

This event took place in the presence of our esteemed Founder, at Kalidas Kala Mandir Hall.

FOND MOMENTS AT FOUNDER'S DAY

KARGIL VIJAY DIWAS

Dear Mimansa,

Kargil Vijay Diwas, observed every year on 26th July, always makes me feel proud as an Indian.

I learnt about how, back in 1999, Pakistani forces and militants crossed into the Kargil sector.

It led to a strong and brave Indian military operation to take back the important posts. Listening to the stories and understanding the courage shown by our soldiers makes this day feel truly special.

It's not just a day in history—it's a reminder of sacrifice, strength, and unity.

And this is how the youngsters of AGA honoured our great heroes...

My Dream Parade

Dear Mimansa,

My Dream Parade was such a magical experience! I got to see all my friends dress up as astronauts, artists, doctors, and more. Everyone was so excited, showcasing their future ambitions with so much pride. It was a beautiful reminder of how important it is to nurture our dreams and to have fun imagining what lies ahead.

I'm so grateful to everyone who helped make the event a big success—parents, teachers, and, of course, all the amazing students who participated. I can't wait to see how all these dreams will come to life one day!

AUGUST CELEBRATING FREEDOM

AGS INDEPENDENCE DAY

Dear Mimansa,

I still remember the feeling of standing there as a child, watching the celebration of Independence Day at the AGS Arjun Nagar campus—it felt larger than life.

The tricolour fluttered proudly against the sky, and in that moment, I didn't just see a flag, I felt a sense of belonging.

The presence of Lt. Col. Hemant Sharma, recipient of the Sena Medal, made the day even more special. There was a quiet sense of pride in knowing that a real-life hero stood among us, reminding us of the courage and sacrifice behind our freedom.

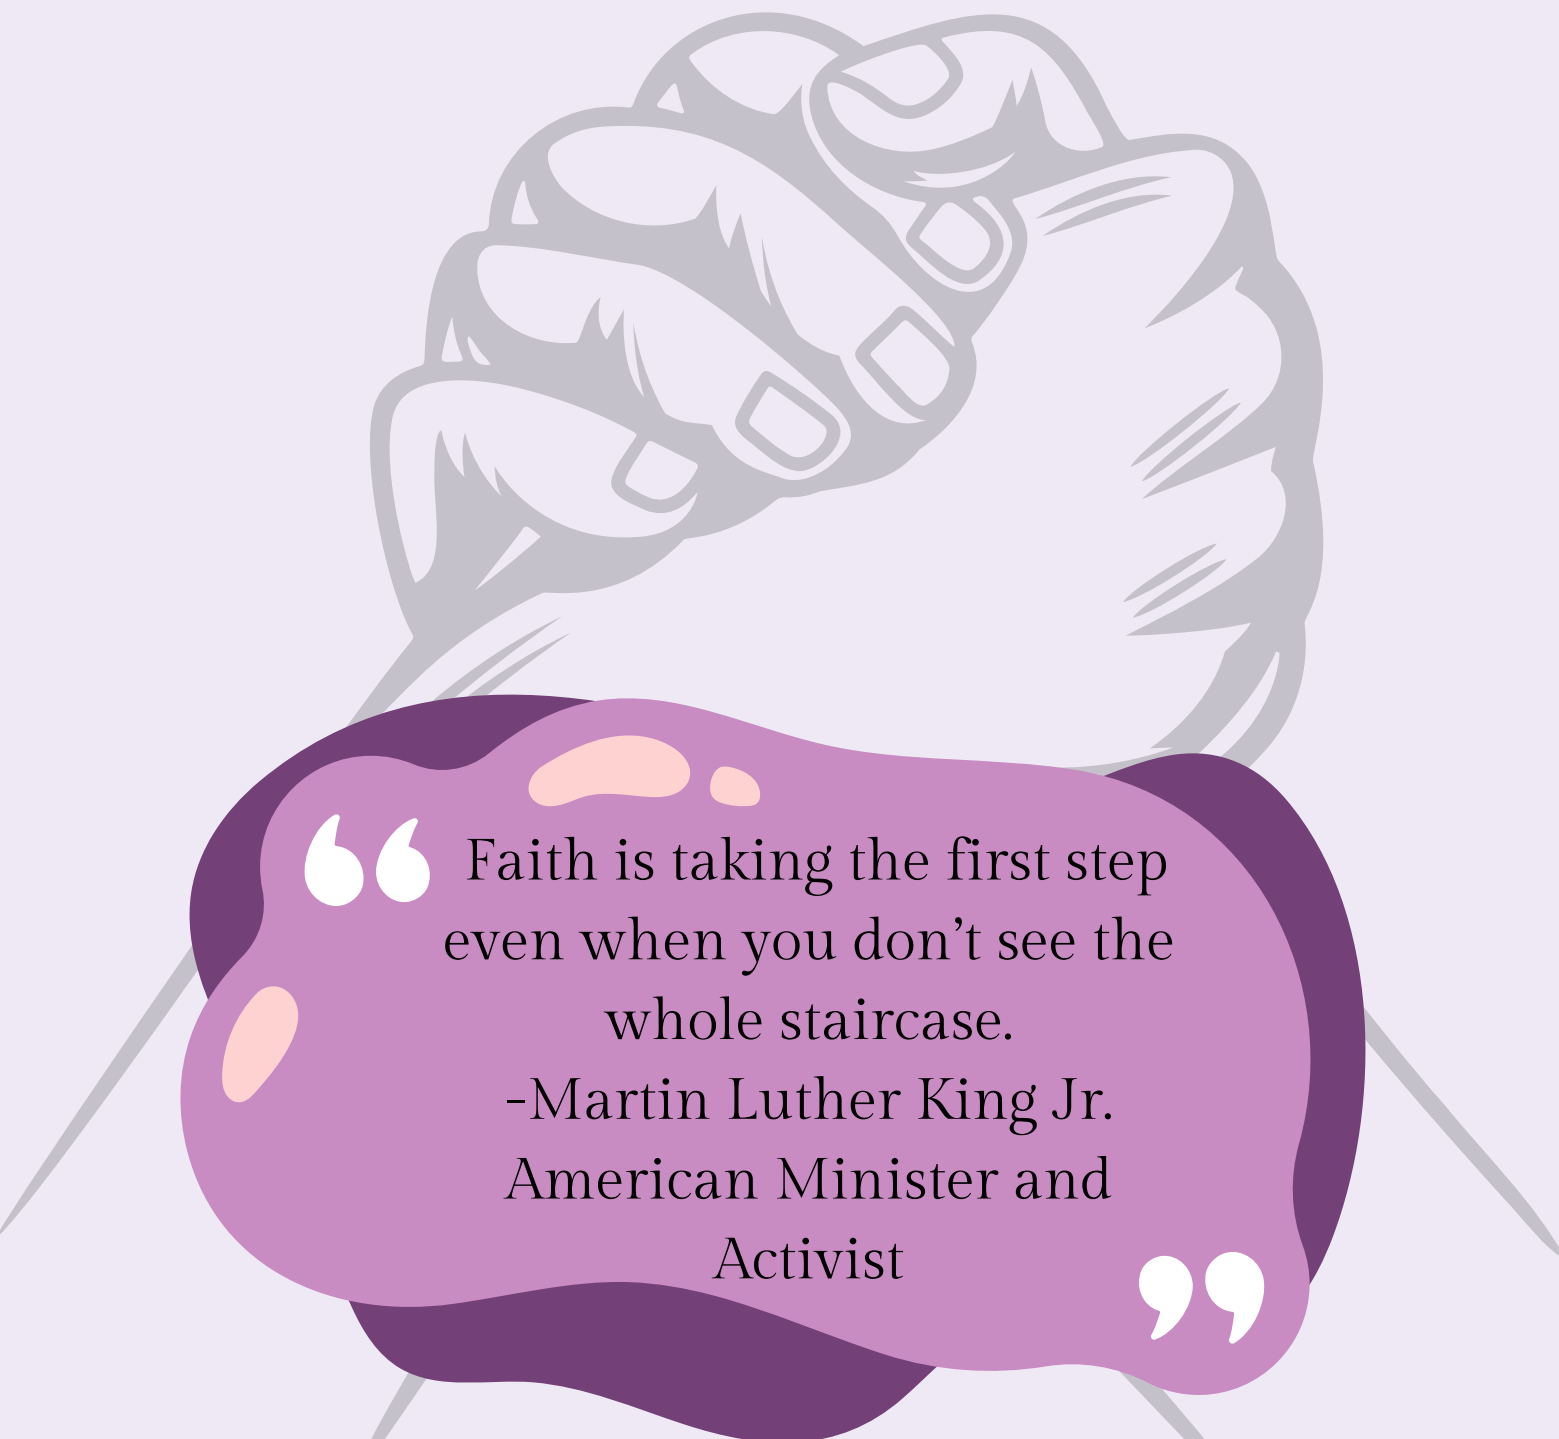

The celebration came alive through the various cultural programmes—patriotic songs that stirred the heart, graceful dances that told stories of our nation, and powerful speeches that echoed with hope and pride.

Each performance added colour and emotion, making the entire campus feel vibrant and united.

What stayed with me the most was not just the grandeur, but the warmth—the smiles, the applause, and the silent promise that we, too, would grow up to carry forward the spirit of our nation.

It wasn't just a celebration; it was a memory that gently shaped what patriotism feels like.

“Faith is taking the first step
even when you don't see the
whole staircase.

-Martin Luther King Jr.
American Minister and
Activist”

Dear Mimansa,

Today, at AGA, we celebrated the festival of joy and devotion – Janmashtami, the birth of Lord Krishna, celebrated all over India.

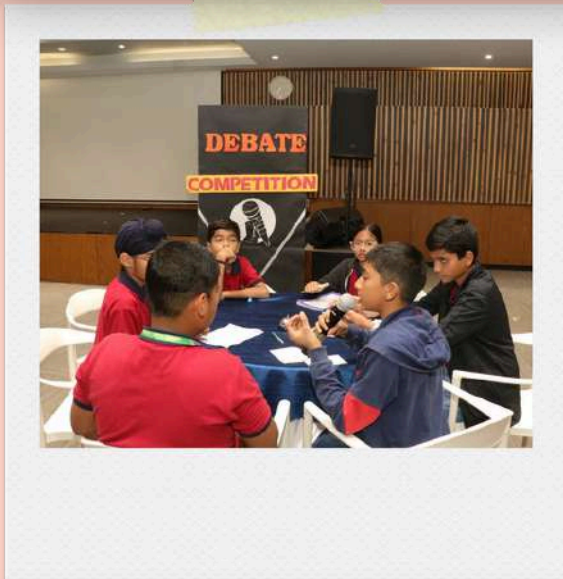

The celebration kicked off with children arriving to school in all sorts of colourful ethnic wear. Some of the little ones had also dressed up as Krishna, and they lit up the occasion with their amazing costumes.

The school had also organized an exciting activity for us, the breaking of the Dahi Handi, where the girls and boys formed two teams and built human pyramids to try and break the pot of goodies that was hung high above our heads.

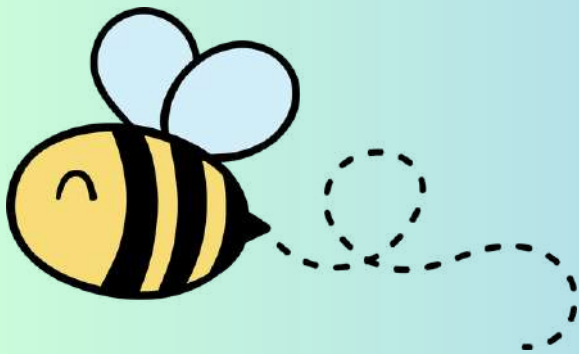

Both the teams succeeded in breaking the Handi and immediately thereafter, lively songs started to play and all of us started to dance to their tune..

It was truly a day filled with excitement, joy, and a lot of fun.

HELLO
SEPTEMBER

TEACHING IS A WORK OF HEART

“

“One book, one pen, one child, and one teacher can change the world.”

-Malala Yousafzai
Activist

Dear Mimansa,

Today, was such a special day! Grade 11 organized a wonderful celebration for Teachers' Day, and it turned out to be so memorable for all of us.

The event kicked off with some beautiful songs performed by students, filling the air with warmth and appreciation.

Then came the dancers, who were full of energy and joy, truly showing the respect we have for our teachers.

The poetry recital was truly touching, where students shared their heartfelt poems, expressing their gratitude for everything teachers do. It was incredibly touching to hear their words.

To wrap up, a sincere letter was read aloud, thanking the teachers for their constant support and guidance.

It was a day full of emotions, reminding me just how lucky we are to have such inspiring and dedicated educators in our lives.

OCTOBER

Fright this Way

*“The best way to find
yourself is to loose
yourself in the service of
others.”*

*— Mohandas Karamchand
Gandhi
Freedom Fighter*

Dear Mimansa,

Today we honored, Mahatma Gandhi, the Father of the Nation, more than a leader—he was a symbol of truth, non-violence, and selfless service. His unwavering commitment to Satyagraha (truth and resistance) and Ahimsa (non-violence) played a pivotal role in India's freedom struggle, leaving behind a legacy that continues to inspire generations.

At AGA, Gandhi Jayanti was observed as a day of learning and reflection. The event focused on sharing valuable information about Gandhiji's life, teachings, and their relevance in today's world. During the assembly, a student took the stage to enlighten the audience about his principles, emphasizing how his ideals of peace, equality, and self-reliance continue to shape societies worldwide.

Through this knowledge-sharing session, students gained deeper insights into Gandhiji's philosophy and its lasting impact. His life serves as a reminder that true greatness lies not in power but in humility, courage, and unwavering dedication to justice. As we remember the Mahatma, we are encouraged to incorporate his values into our daily lives, striving for a better, more compassionate .

WORLD MENTAL HEALTH AWARENESS DAY

October 10

Dear Mimansa,

Today being World Mental Health Awareness Day made me pause and truly appreciate how important emotional well-being is. At Ashoka Global Academy (AGA), where I study, mental health is taken seriously. The school constantly reminds us that it's okay to feel overwhelmed and that support is always available.

One of the things I value most here is the Quality Advisory Group (QAG). They guide our teachers through sessions in the Friday Forum, helping them understand stress, emotional resilience, and how to support students better. It really shows how much AGA cares.

We also have Circle Time in class, where we can talk openly about our feelings in a safe, judgment-free zone. It's comforting to know we have that space, where our voices are heard and our emotions respected.

Thanks to these thoughtful efforts, school feels like a second home—where I'm not alone in my struggles.

THE CIRCLE TIME, a time to interact and start the day with a fresh mindset .

Festive Flair with a Business Twist

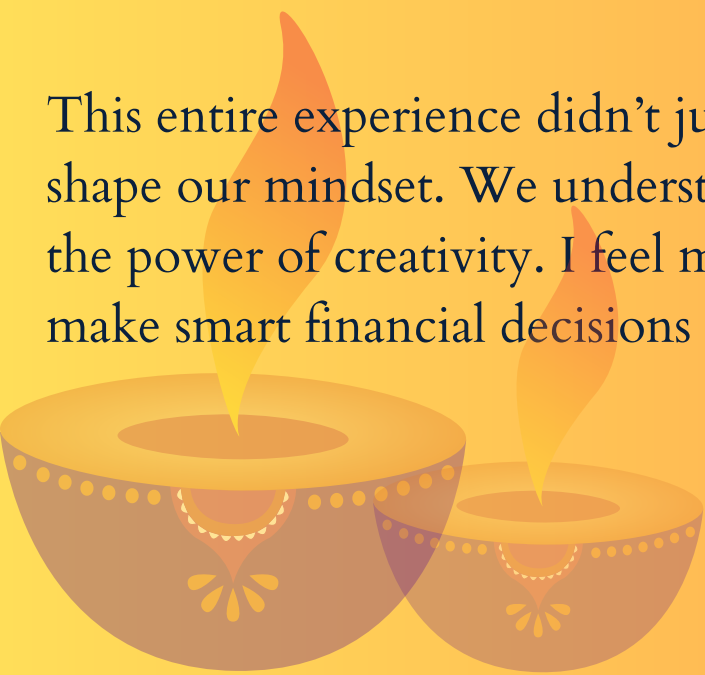

Dear Mimansa,

Today, I realized that entrepreneurship is so much more than just selling a product—it's about understanding finances, making smart choices, and learning how to persuade people with confidence. We recently participated in a hands-on financial literacy project at school, and it was one of the most exciting things I've ever done!

It all began with taking a capital loan from our parents. That money taught us the importance of borrowing responsibly and planning wisely. We used it to buy raw materials and created beautiful, eco-friendly Diwali crafts—many made from best-out-of-waste items.

The next big step was setting up our stalls. With vibrant displays and a lot of enthusiasm, we tried convincing visitors to buy our products. We learned how to attract customers, negotiate, and build trust.

This entire experience didn't just teach us business basics—it helped shape our mindset. We understood hard work, responsibility, and the power of creativity. I feel more confident now, and ready to make smart financial decisions in the future.

Diwali Delights

Celebrating the Festival with Entrepreneurial Swag!

Handmade Diwali decorations made by our Ashokites!

Spook, Snack, Snooze!

Dear Mimansa,

Today was absolutely unforgettable! The recent Diwali celebration at AGA took a spooky twist with a Halloween theme—and it was magical in the most unexpected way. I never thought Diwali diyas and Halloween pumpkins could blend so perfectly, but they did!

Everyone came dressed in the most creative costumes—some traditional, some spooky, and many a mix of both. It was such a fun and expressive way to celebrate our cultures together. One of the highlights was the haunted house, which wasn't just scary—it featured tales from Indian mythology, making it both thrilling and meaningful.

What I loved most was how the event brought everyone together. It wasn't just about fun; it made me appreciate the beauty of combining traditions with new-age celebrations. We laughed, danced, shared stories, and celebrated like one big family.

This Diwali-Halloween fusion really showed me how joy, creativity, and inclusivity can light up any space. I'll never forget it!

BOO
FEST

HAPPY HALLOWEEN

Dear Mimansa,

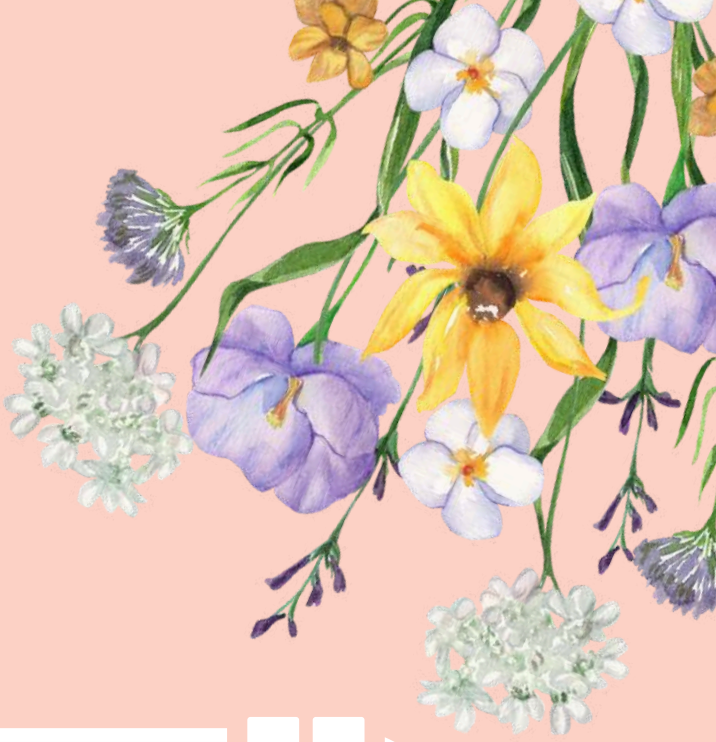

Our recent overnight camp was an adventure filled with fun, learning, and camaraderie. From setting up tents to singing around the campfire, every moment was a blend of excitement and teamwork. The night was alive with stories, stargazing, and the joy of being in nature.

This camp not only strengthened friendships but also taught us the value of cooperation and resilience. A heartfelt thanks to our teachers and organizers for giving us memories to cherish for a lifetime!

**CELEBRATING FUN, LAUGHTER, AND DREAMS
HAPPY CHILDREN'S DAY!**

CHILDREN'S DAY

Dear Mimansa,

What a day it was! Children's Day at AGA was nothing short of magical—filled with excitement, joy, and surprise after surprise! Right from the start, we were buzzing with curiosity, wondering what fun was planned for us. And as soon as the celebration kicked off, our faces lit up with pure happiness.

One of the best moments was when our teachers performed a hilarious skit! Seeing them act, dance, and joke around with so much energy made us laugh like never before. It was so heartwarming to watch them having fun just for us.

But the surprises didn't stop there. Random songs would suddenly play during lessons, and we all broke into cheers and spontaneous dancing. It was such a vibe!

And of course, who can forget the highlight of the day—Pooja Ma'am's iconic line, "Ma'am Sports!" It went viral instantly.

We kept repeating it, laughing every time.

It was truly an unforgettable day, full of joy, laughter, and love.

AGA Cooking Without Fire!

AGA COOKING WITHOUT FIRE!
YUMMIEST DAY EVER!

GRADE 1-5 MINI CHEFS
COLORFUL FRUIT SALADS

NO-COOK RECIPES
FUN MIXING & CHOPPING
DELICIOUS TEAMWORK
JOYFUL MEMORIES

Dear Mimansa,

Today was one of the yummiest days ever at AGA! We had the Cooking Without Fire event, and it turned our classrooms into adorable little kitchens. From Grades 1 to 5, everyone got to be a mini chef for the day—and I was so excited!

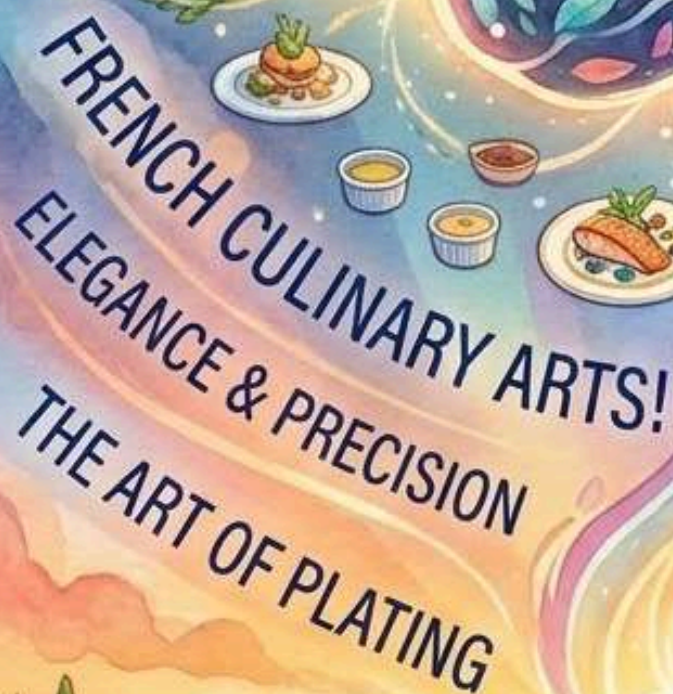

With our teachers guiding us, we made some amazing no-cook recipes. My group worked on a colorful fruit salad, and others made sandwiches and sweet no-bake desserts. It was so much fun mixing, chopping, and carefully assembling our dishes. The smell of fresh fruits and veggies filled the room, and honestly, it made my mouth water!

We got to taste our own creations too, and they were delicious! But more than that, it was the laughter, teamwork, and joy that made the whole experience special. Seeing everyone so happy and proud of what they made... it really was a day to remember.

TASTING WITH PRIDE
TEAMWORK & COLLABORATION
CREATIVITY & LEARNING
GRADES 6 TO 8

“BON APPÉTIT: FRENCH FLAIR WITHOUT THE FIRE!”

Dear Mimansa,

For Grades 6 to 8, the event took a special twist as the students were introduced to French cooking styles in the dining hall. The students also got to explore the art of plating, learning how presentation is just as important as taste in French cuisine. The students worked together in teams, embracing the elegance and precision of French culinary techniques. The dining hall was alive with chatter, as they shared their experiences, tasting each other's dishes with pride.

By the end of the day, everyone left with not only full stomachs but also a new appreciation for cooking—whether it's simple, fun, or sophisticated. It was a day filled with creativity, learning, and, of course, lots of delicious food!

SHOW
TIME

RETRO RHAPSODY

[A NOSTALGIC 90'S
CELEBRATION]

**Dadasaheb Gaikwad Sabhgruha,
Mumbai Naka**

Dear Mimansa,

The month had a magical beginning! Ashoka Group of School's Excellence Day transported us straight into the golden era of the 90s—and oh, what a journey it was!

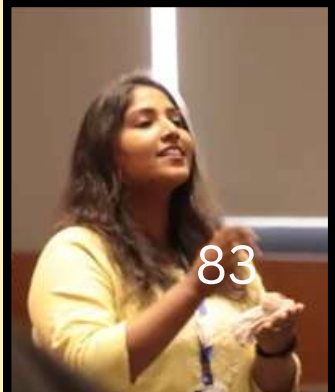

The whole atmosphere buzzed with neon energy and retro charm. We'd all been waiting for this night—weeks of rehearsals, colorful set designs, and last-minute touches had finally brought the 90s to life. The excitement was real, and you could feel it in every corner of the auditorium.

From electrifying dance performances to heartfelt dramas, every act was packed with talent and passion. The music, the costumes, the crowd's energy—it all blended into one unforgettable celebration.

It wasn't just about the applause or the spotlight; it was about celebrating our dedication, our teamwork, and the joy of creating something memorable together. Excellence Day reminded me that success isn't just about winning—it's about shining with heart, and yes, with a 90s beat!

DID YOU CATCH THE BTS (BEHIND THE SCENES)?

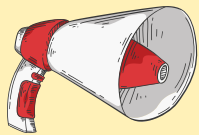

EXCELLENCE DAY!!

THE FINAL SHOWDOWN

Dear Mimansa,

I still can't get over the grand finale of Excellence Day 2025 at AGS—it was beyond spectacular! The entire evening had already been a nostalgic ride through the 90s, but the final showdown truly took things to the next level.

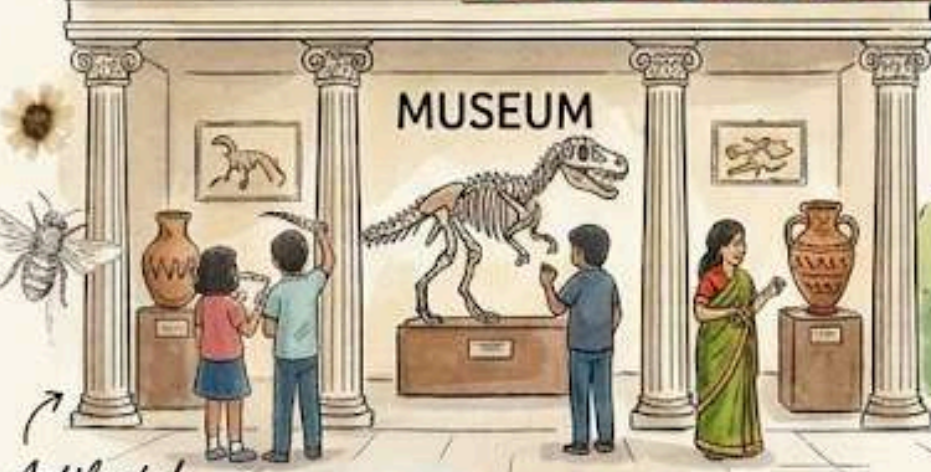

The spotlight-stealer of the night? Without a doubt—Harshwardhan Patil as Babu Bhaiya from Hera Pheri! His comic timing was genius, and his iconic lines had the audience roaring with laughter. But it wasn't just about the laughs—his character became the heart of the show, popping up between acts with those perfect one-liners and keeping the energy flowing throughout.

Just when we thought the night couldn't get better, a high-octane 90s dance-off shook the stage! And then came the moment we'd all been waiting for—our chief guest, Zaheer Iqbal Darbar, delivered a phenomenal saxophone performance. The way he blended melody and showmanship was unforgettable.

The standing ovation said it all. This wasn't just a school event—it was a cinematic celebration of spirit, talent, and pure 90s magic.

LUNCH

EXPLORING, LEARNING & FUN!
THE ULTIMATE PICNIC ADVENTURE
GRADE 5 TO 8

Dear Mimansa,

Recently, we students of AGA went on an exciting picnic to the Museum of Solutions in Mumbai and Rani Bagh, Byculla—a day full of learning and fun adventure! At the Museum of Solutions, we got to explore interactive exhibits that sparked our creativity, challenged our thinking, and encouraged us to solve problems in new ways.

The hands-on activities and immersive setups made the entire learning process super fun and engaging. Later, at Rani Bagh, we wandered through the lush greenery, spotting a variety of animals and soaking in the beauty of nature. The whole trip gave us a chance to bond with our classmates, enjoy the wonders of science and nature, and make memories we'll always treasure.

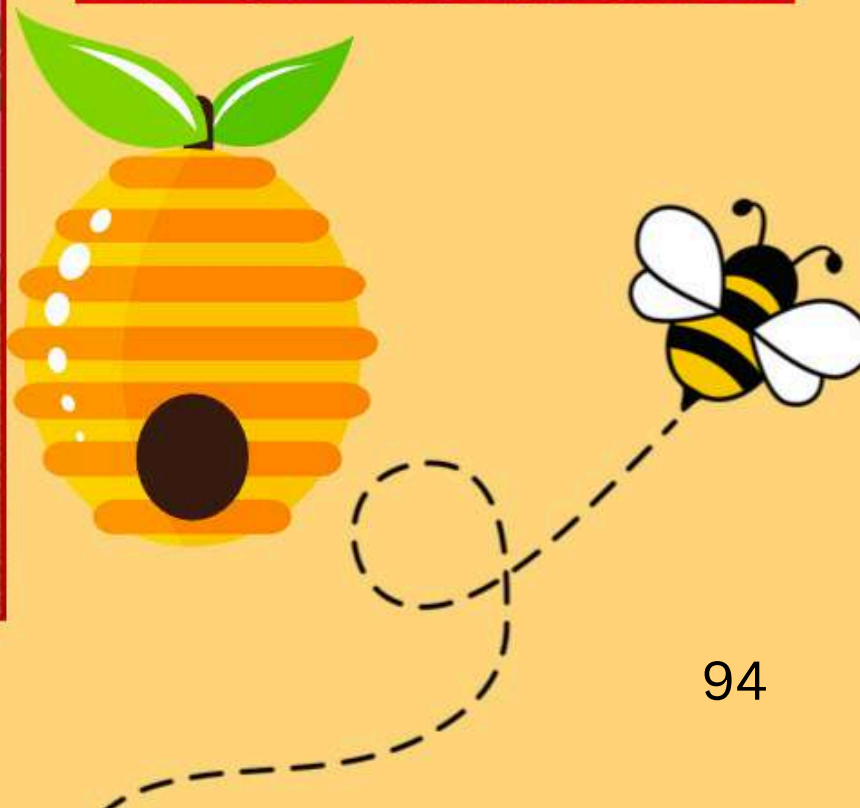

Buzzing with Fun!
A Sweet Adventure at Honey Bee Park
GRADES 1 TO 4

Dear Mimansa,

We, the young explorers from Grades 1 to 4, had the most delightful day at Honey Bee Park! Surrounded by lush greenery and buzzing excitement, we completely immersed ourselves in nature and fun-filled activities. One of the best parts was learning fascinating facts about bees—their role in the ecosystem and how honey is actually made.

We played in interactive areas, joined in on some really fun team games, and enjoyed a lovely picnic in the fresh outdoor air. The entire trip was more than just an adventure—it was also a wonderful learning experience that left us with the sweetest memories to cherish!

CHRISTMAS

LIBRARY
ACTIVITIES
SECRET SANTA
CHRISTMAS
CELEBRATION

Dear Mimansa,

The Christmas party at AGA campus was absolutely fantastic! We had such a wonderful time with all the festive decorations and delicious food during the morning school hours.

The music was perfect, and seeing everyone dressed up and celebrating together made the celebration special. Everyone especially loved the gift exchange and all the games we played. The campus looked magical with all the holiday decorations.

CHRISTMAS PARTY AT AGA

CHRISTMAS CHRONICLES

The Christmas celebration kicked off with the tiny detectives of Grade 3 and 4 embarking on an exciting journey to explore Christmas traditions around the world. With curiosity and enthusiasm, they carefully studied global celebrations and solved worksheets, uncovering the unique ways different cultures embrace the festive season.

Meanwhile, Grade 5 and 6, with hearts full of gratitude, celebrated the gift of God's faithfulness by reflecting on the true meaning of Christmas—the birth of His Son. Their expressions of thanksgiving added a deep sense of warmth and devotion to the celebration.

Adding to the festive spirit, Grade 7 took creativity to the next level by designing vibrant posters to spread joy and cheer. Their artistic efforts not only brightened the surroundings but also reminded everyone of the season's message of love and kindness.

Together, these activities wove a magical atmosphere, filling the school with Christmas joy, reflection, and togetherness—a true celebration of the season's spirit!

WHO IS YOUR
SECRET SANTA ?

Dear Mimansa,

Secret Santa Week at AGA was truly a celebration of surprise and joy! It was one of the most heartwarming experiences, filled with mystery, festive cheer, and lots of excitement. We teachers were all in the spirit of giving, secretly leaving thoughtful gifts for each other—it added such a fun twist to every day. From sweet handwritten notes to carefully chosen presents, each surprise reflected warmth and appreciation.

The guessing game made everything even more fun! We couldn't stop laughing as we tried to figure out who our Secret Santas were. The joy of giving and receiving created such a beautiful atmosphere of togetherness—it made the entire week feel magical. And when the final day came, the big reveal brought wide smiles, thankful hugs, and an even stronger sense of connection.

Secret Santa Week wasn't just about the gifts—it was about sharing love, appreciation, and the real spirit of Christmas. It reminded us all that even the smallest acts of kindness can light up someone's day.

The Christmas celebration at AGA was a joyous and festive event, filled with excitement and cheer. The students showcased their creativity and enthusiasm by performing a wonderful play that beautifully captured the spirit of Christmas.

Their performance was met with applause and appreciation from the audience. Adding to the festive spirit, Sohini Ma'am shared insightful information about the significance of Christmas, enlightening everyone about its traditions and message of love and kindness. The celebration was a perfect blend of learning and enjoyment, making it a memorable occasion for all.

The background is a dark blue night sky. At the top, there are strings of colorful triangular bunting in red, orange, and blue. Large gold stars are scattered across the sky, some hanging from thin gold lines. Several bursts of fireworks in white, blue, and red are exploding. The bottom of the image features stylized blue hills or clouds, with colorful streamers (red, orange, yellow, blue) and small diamond-shaped confetti floating around. Two large, stylized firework rockets are positioned in the foreground: one is red with white stars, and the other is yellow with white stripes and a red tip. The overall theme is a celebratory New Year's Eve.

Happy NEW YEAR 2025

Excited for another year of
learning and growing!

Happy Makar Sankranti

Dear Mimansa,

Today was one of those days that just fills your heart with joy! Our Grade 4 students at AGA put on the most wonderful show to celebrate Makar Sankranti, and I just had to write to you about it.

The energy, the colors, the enthusiasm—it was all so infectious! What really stood out was how beautifully the children captured the spirit of this harvest festival as it's celebrated across different parts of India. Each performance was like opening a window into another part of our country.

They began with Lohri from Punjab—bonfires, folk dances, and that vibrant Punjabi vibe. Then came Pongal from Tamil Nadu, where the children spoke about thanking the Sun God and even recreated parts of the four-day celebration. It was so heartwarming.

Next was the excitement of Uttarayan, with colorful kites and the lively traditions of Gujarat and Rajasthan. And finally, they brought Assam's Magh Bihu alive with traditional games and feasting scenes. I honestly felt like I had traveled across India in just an hour!

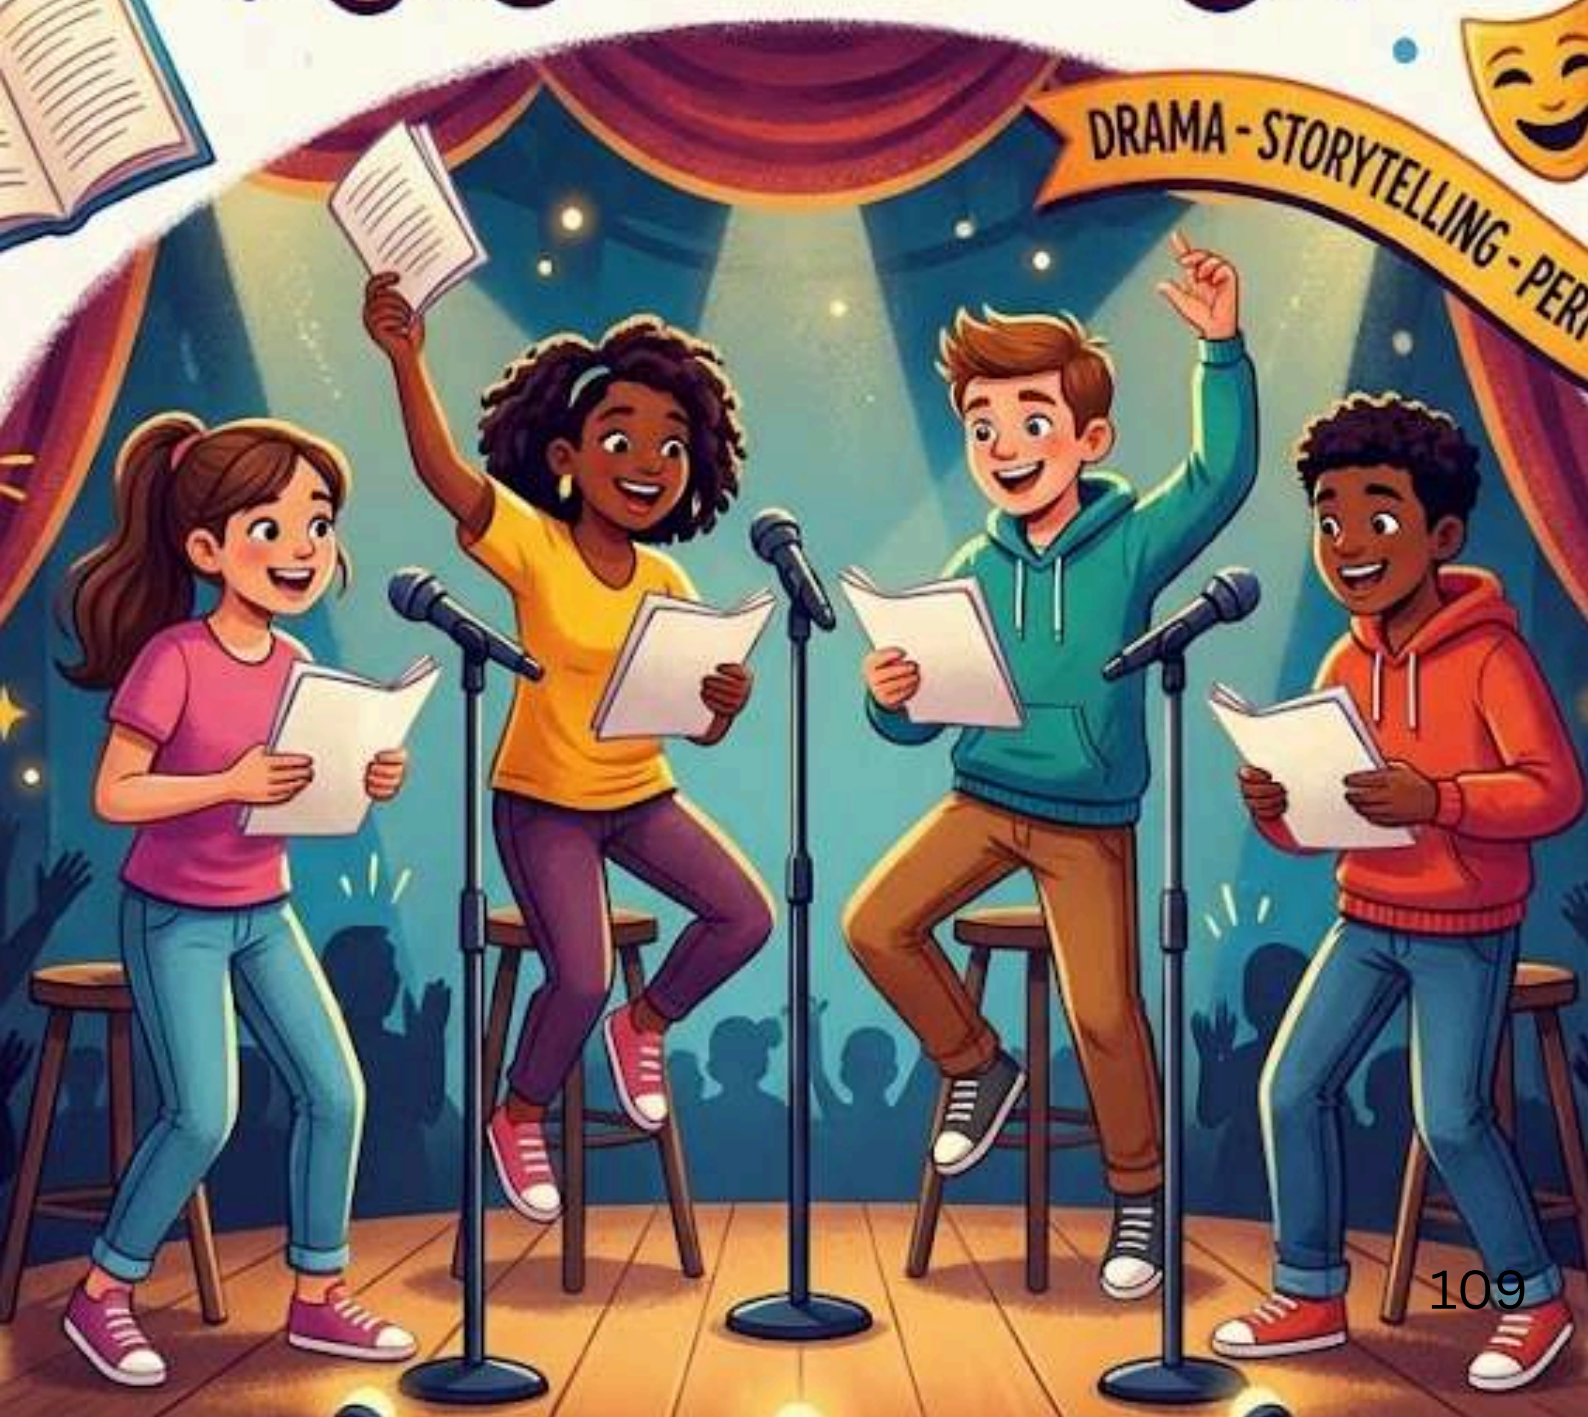

What touched me the most was how they portrayed the idea of unity in diversity. Different languages, customs, and celebrations—all tied together with joy and respect. Their colorful attire, bright smiles, and confident voices made the entire performance unforgettable.

It reminded me why these celebrations matter so much—not just for the fun, but for the deep connection they foster with our roots and each other.

READER'S THEATRE

GRADES 6 TO 9

Dear Mimansa,

I just had the most heartwarming experience today at AGA and couldn't wait to write to you about it! We had a Reader's Theatre performance, and it was such a beautiful way to see literature come alive.

The students were absolutely amazing—they read their parts with so much expression, confidence, and enthusiasm. What made it truly special was that there were no fancy costumes or big stage props. Just voices, faces, and gestures—and yet, every character felt so real!

Each child took on a role and used their voice modulation, facial expressions, and body language to tell their part of the story. It wasn't just about reading—it was about feeling the story, and they pulled it off so effortlessly.

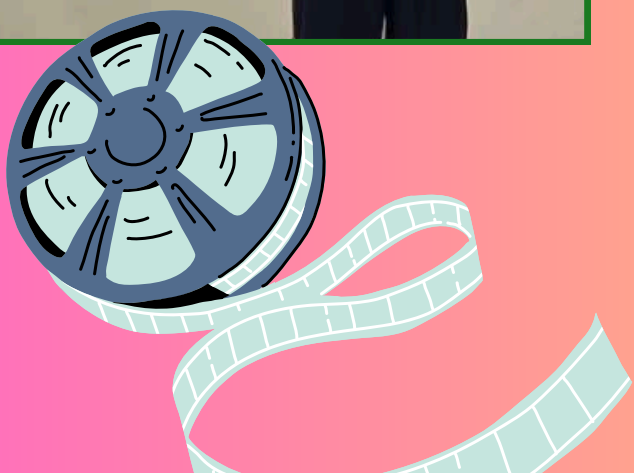

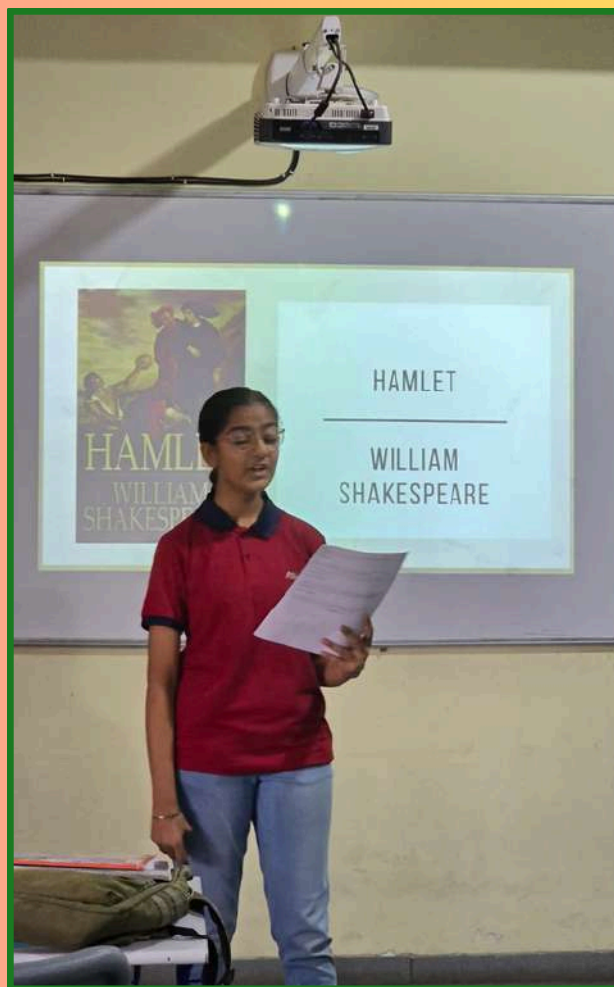

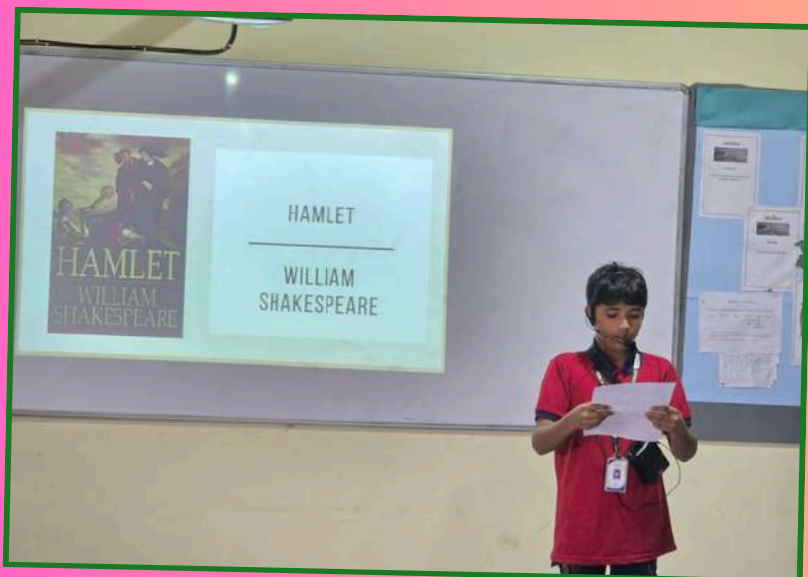

The best part? It was both educational and fun. While performing, the students were sharpening their fluency, working on pronunciation, and learning how to truly engage an audience. You could see their teamwork and stage presence grow with every line.

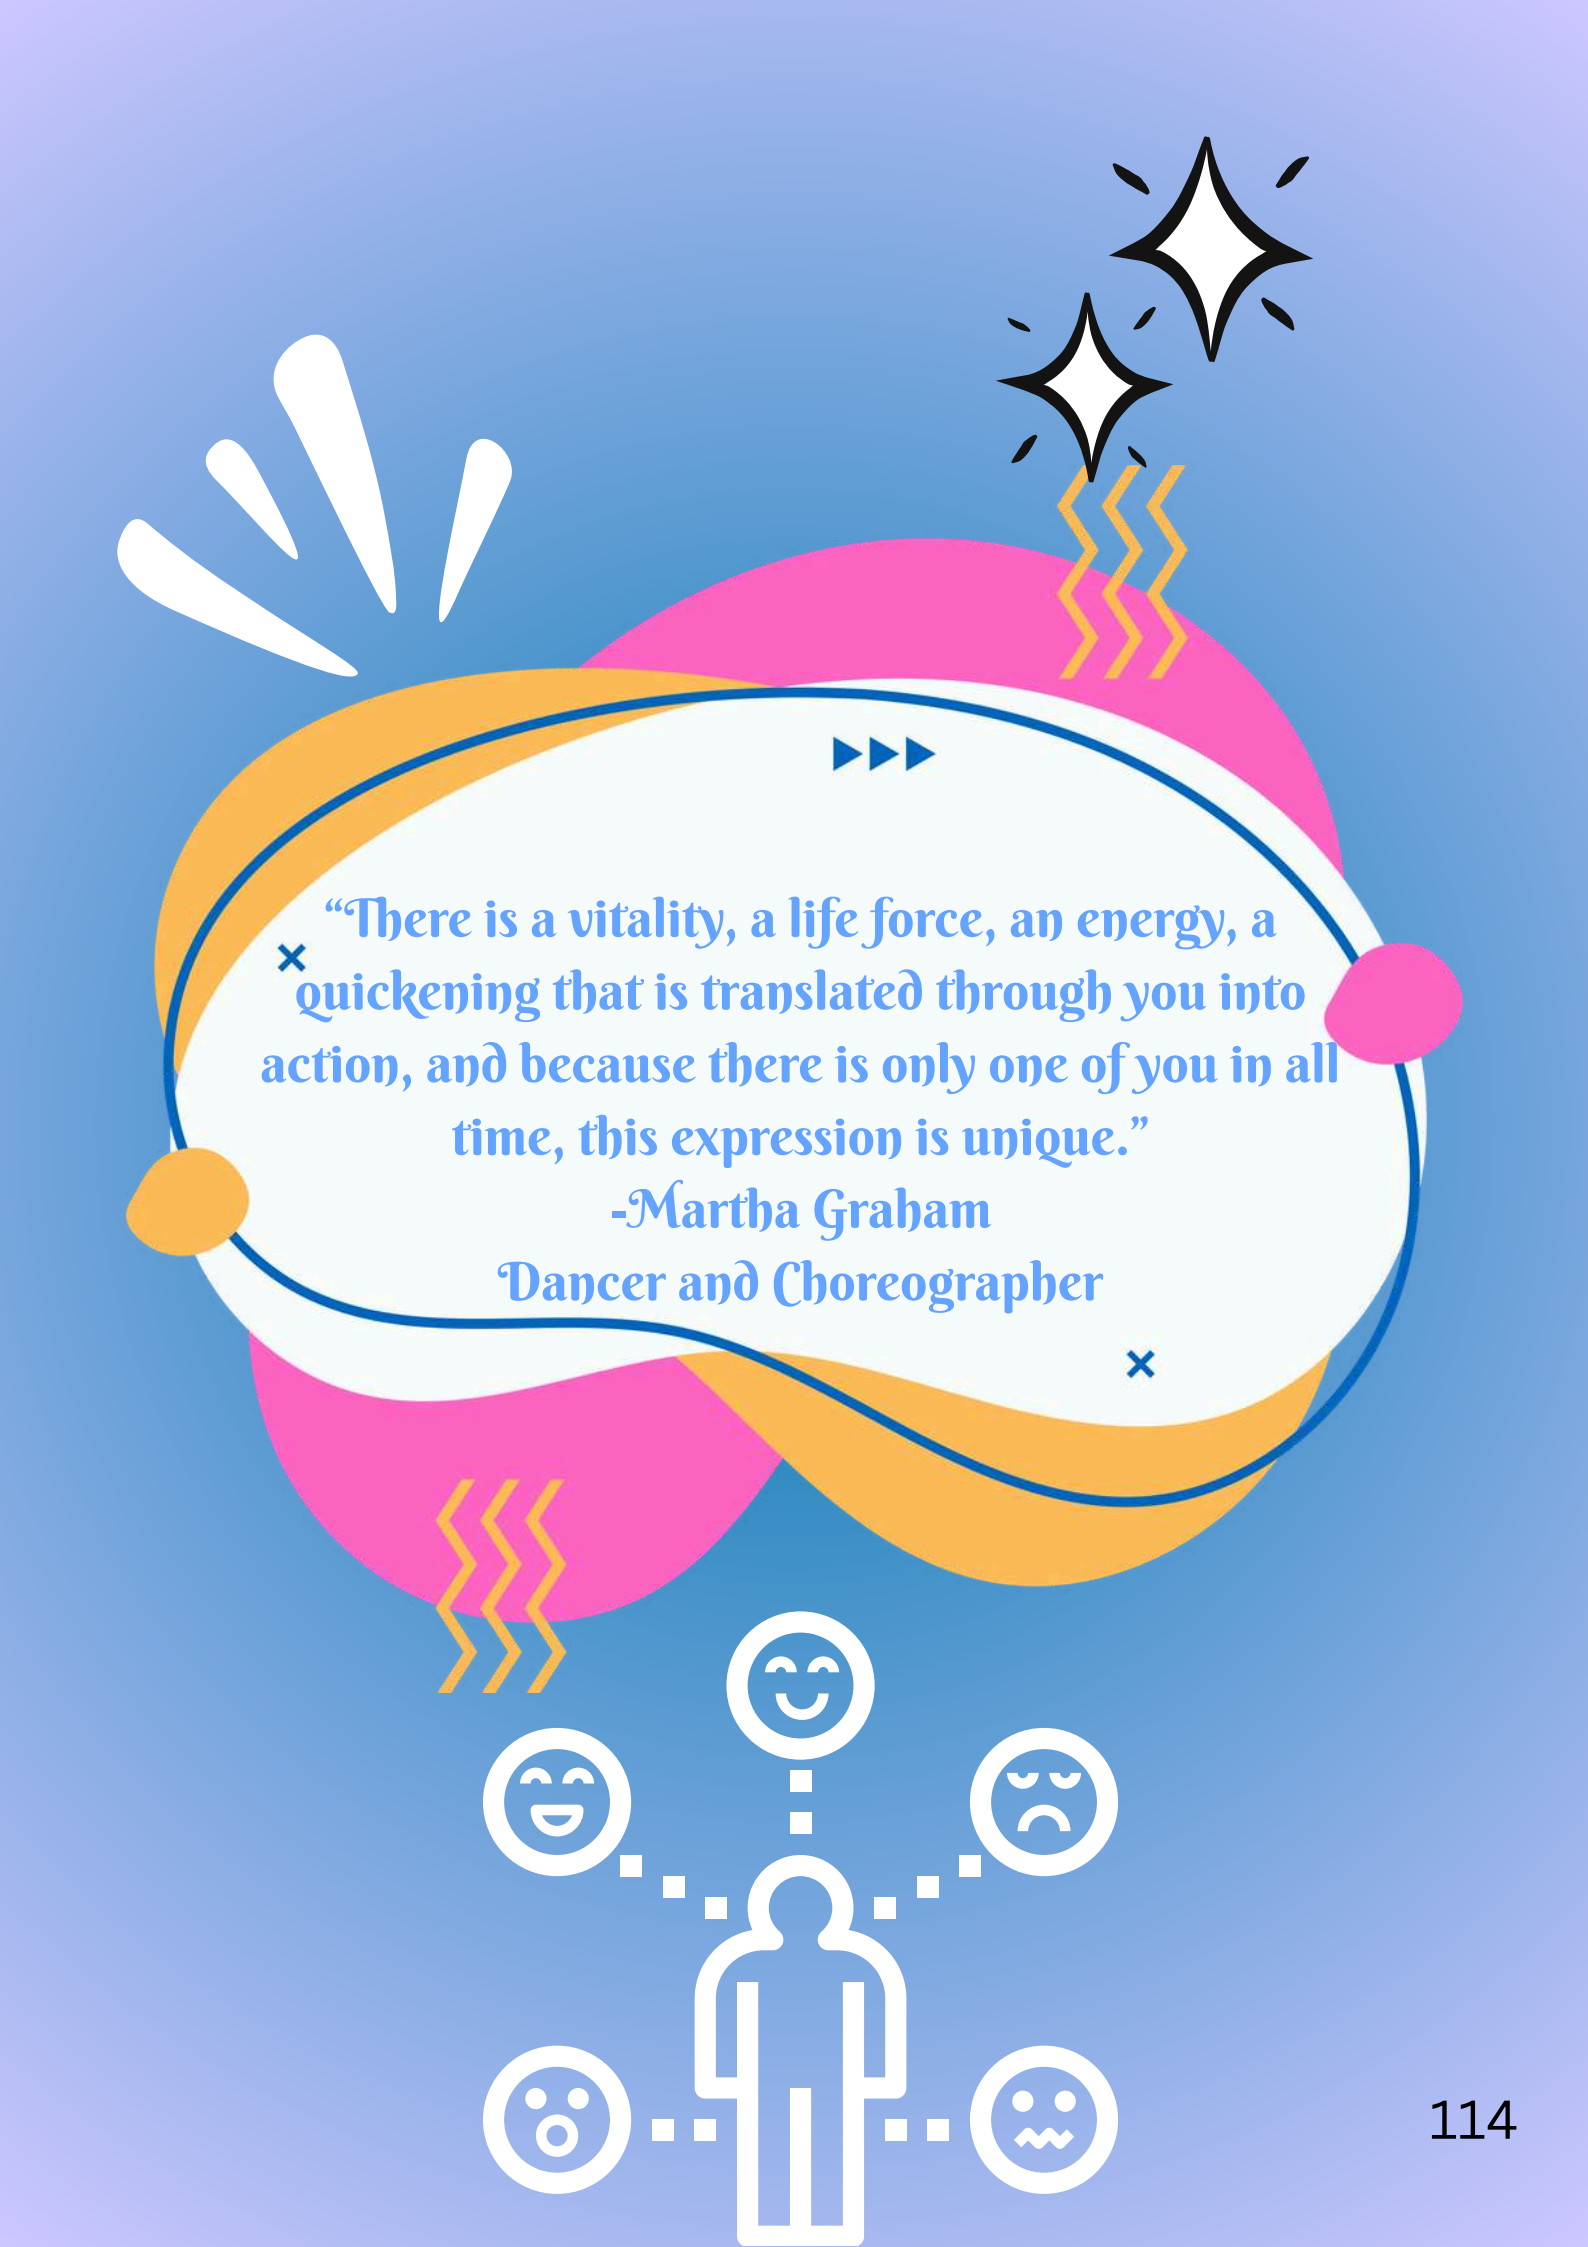

By the end, the audience was completely drawn in. There was laughter, clapping, and that lovely feeling you get when a story wraps up just right. The Reader's Theater didn't just celebrate books—it celebrated the joy of sharing them.

AGA

SPORTS WEEK!

December 2024-January 2025

AGA Sports Week: A Week of Fun and Games

Dear Mimansa,

This week was one of the most cheerful ones at AGA—our Sports Week finally arrived! It was such a delightful break from routine, full of exciting games and happy faces all around. From classic relay races to interactive team challenges, everything felt super fun and full of energy.

The best part? It wasn't about who won or lost. It was all about enjoyment, teamwork, and just being part of it. Laughter and cheers filled every corner of the school as we played, teamed up, and created some really wonderful memories.

Even our teachers got involved, cheering us on and playing alongside us, which made everything feel even more special. This week truly celebrated the spirit of play. It reminded me that sports aren't just about winning—they're about having fun, staying active, and building strong friendships!

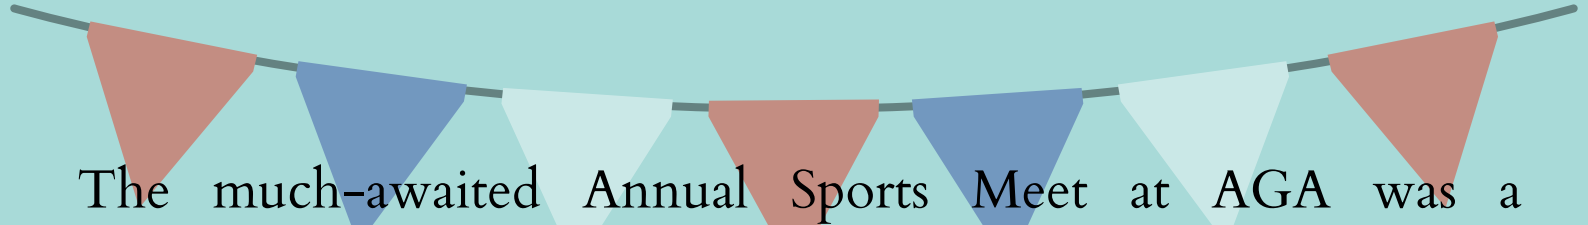

Ashoka Global Academy

ANNUAL SPORTS MEET

JANUARY 18, 2025

The much-awaited Annual Sports Meet at AGA was a spectacular event that brought together students, teachers, and parents in a spirit of enthusiasm and sportsmanship. The day commenced with a warm welcome, followed by the grand assembly setup.

The arrival of the esteemed Chief Guest, Ms. Sharayu Hemant Patil, an accomplished fencer and recipient of the Maharashtra Government Shiv Chhatrapati Award (2016), added immense prestige to the event.

With numerous accolades to her name, including representing India at the Senior World Championship in Germany (2017) and securing a gold medal in the School National Games in Pune, her inspiring presence was truly an honor.

The ceremony officially began with the flag hoisting and the national anthem, followed by the march past where students exhibited exceptional discipline and coordination. The lighting of the torch and the oath-taking ceremony further emphasized the values of integrity, perseverance, and teamwork. As the mascot was released, the sports meet was declared open, marking the beginning of an array of exhilarating events.

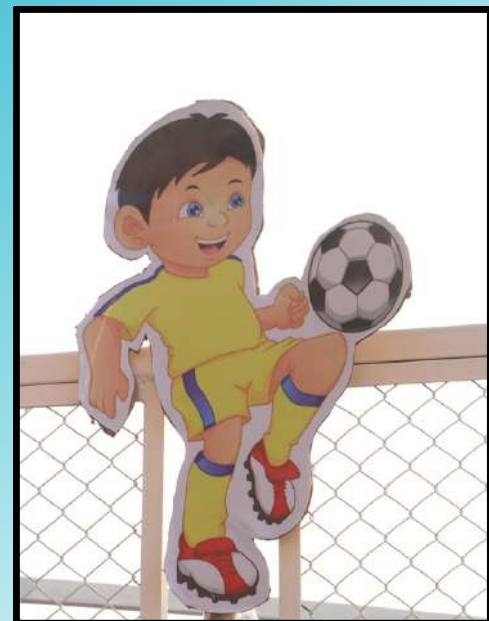

Students from Grades 3 to 5 mesmerized the audience with a vibrant performance, setting the tone for the exciting competitions ahead. The achievers' felicitation recognized outstanding sports personalities, motivating others to strive for excellence.

The races commenced with 200m and 100m sprints across different age groups, showcasing the agility and endurance of young athletes. The younger students enthusiastically participated in 50m races, while team events like obstacle races, sack races, and relays added an extra thrill to the event.

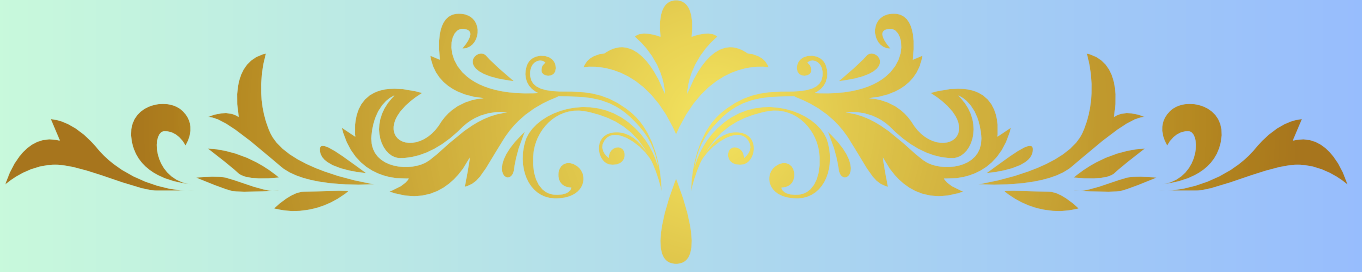

A special highlight of the day was the parents' games, which brought in an element of fun and engagement beyond the student competitions. The flower dance, performed by students from Grades 6 to 9, captivated the audience with its grace and synchronization.

The final segment of the event included the much-anticipated announcement of the Best Athletes and the House Winner, celebrating the collective efforts of the teams. The event concluded with a heartfelt vote of thanks, expressing gratitude to the participants, teachers, and organizers for their dedication in making the day a grand success.

The Annual Sports Meet at AGA was more than just a competition; it was a celebration of sports, teamwork, and perseverance, leaving everyone inspired and looking forward to another year of sporting excellence.

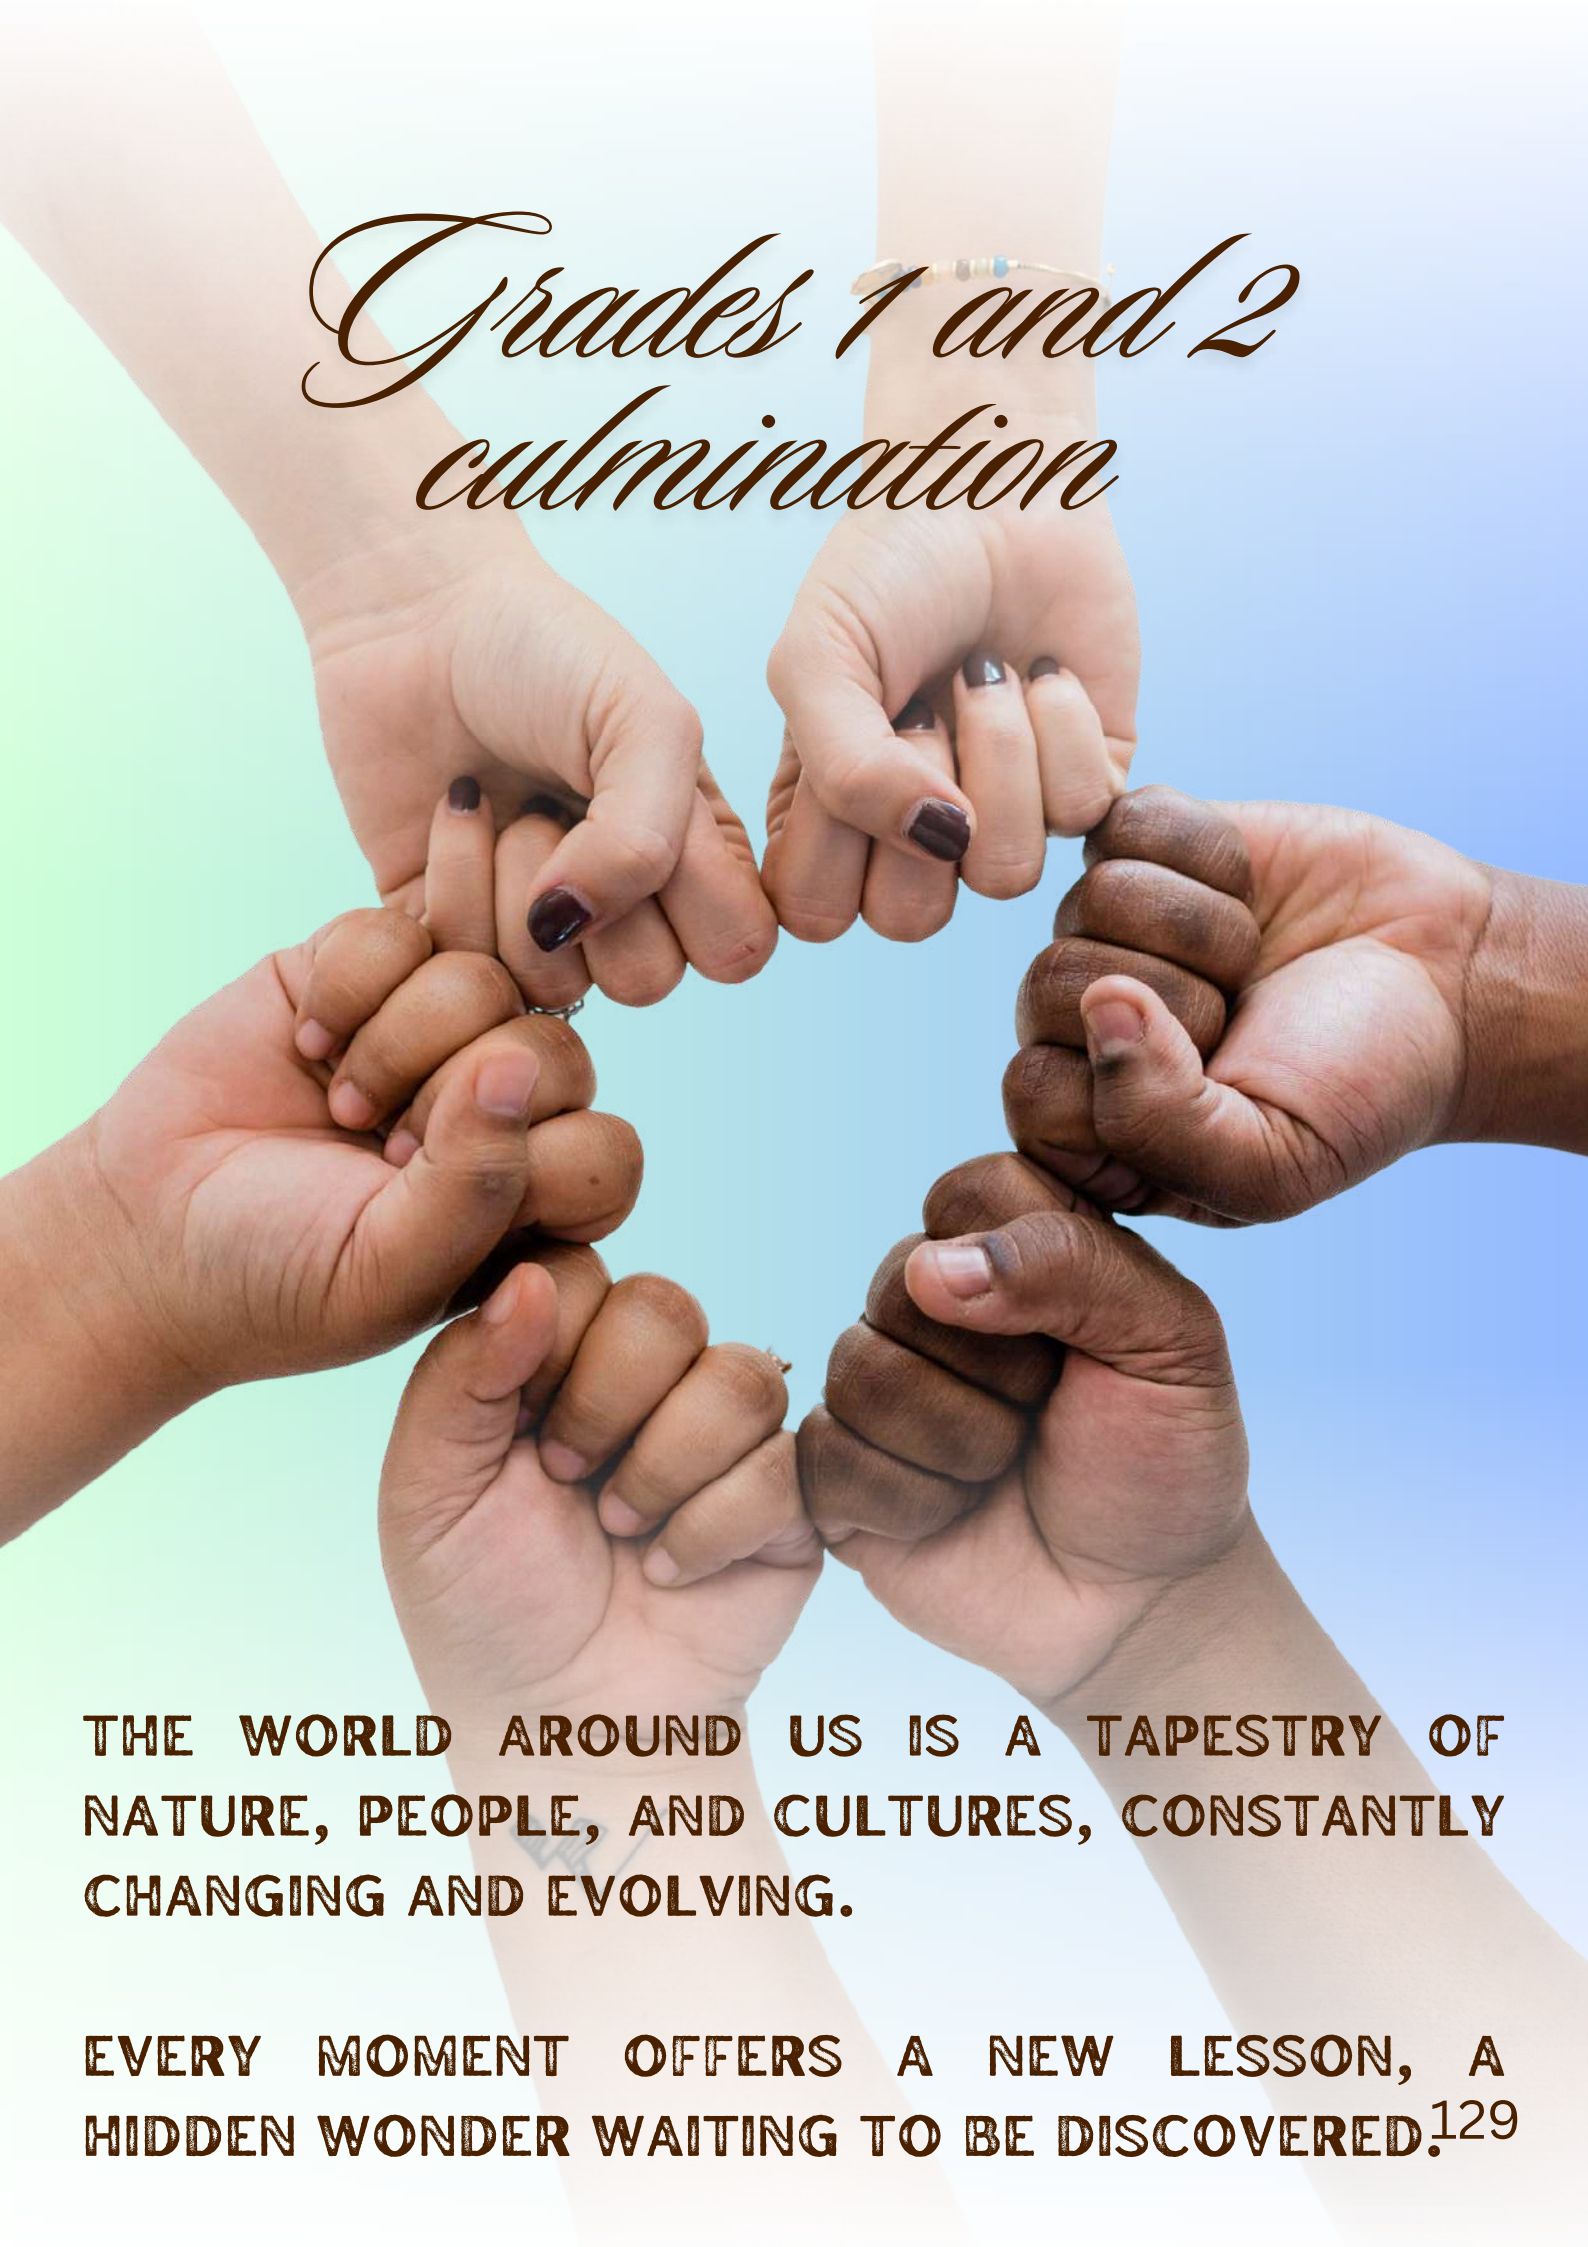

A heartfelt appreciation goes to the sports teachers, whose unwavering dedication and meticulous planning made this event a grand success.

Their tireless efforts in training and mentoring students not only ensured the smooth execution of the meet but also instilled a love for sports and discipline among the young athletes.

Their commitment to fostering teamwork, resilience, and excellence in students was truly commendable.

HAPPY Republic Day

A TRIBUTE TO THE
CONSTITUTION -
BY AGA STUDENTS

Dear Mimansa,

Today's event was truly inspiring! We, the students of Ashoka Global Academy, put up a play on Fundamental Duties, reminding everyone how important it is to be responsible citizens.

After the play, something super cool happened—a Parade of the Constituent Assembly! Our friends dressed up as the great leaders who helped shape our Constitution. It felt like history had come alive right in front of us.

The highlight? Mast. Ved Sharma gave an amazing performance as Dr. B.R. Ambedkar. He really got into the role and shared one of Dr. Ambedkar's powerful thoughts with so much confidence—it gave everyone goosebumps.

The whole event made us think deeply about our duties and not just our rights. It was a proud and powerful day.

-Chhatrapati Shivaji Maharaj

”

Dear Mimansa,

Today was full of pride and excitement as we celebrated Chhatrapati Shivaji Maharaj Jayanti at school!

We learned that Shivaji Maharaj was one of the greatest kings in Indian history.

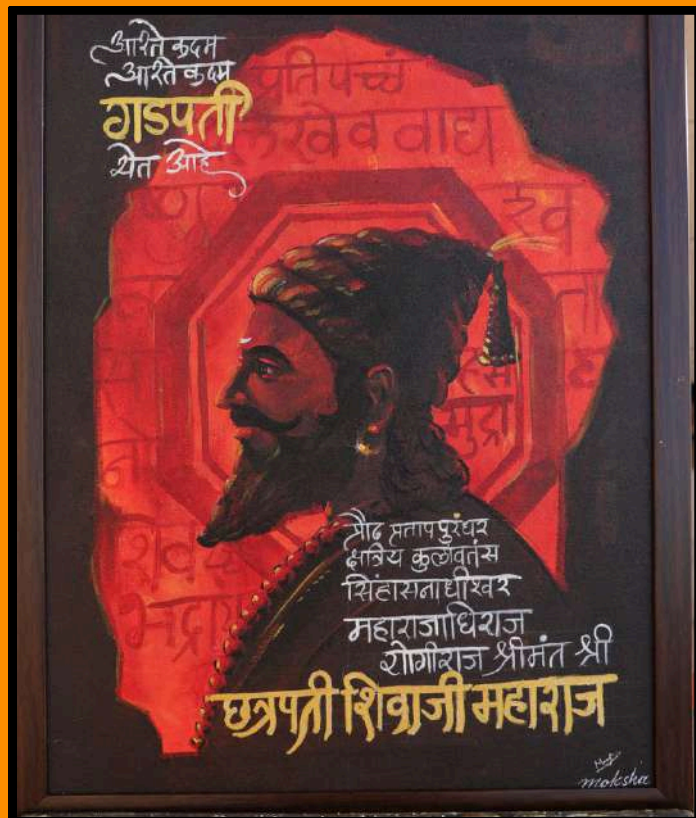

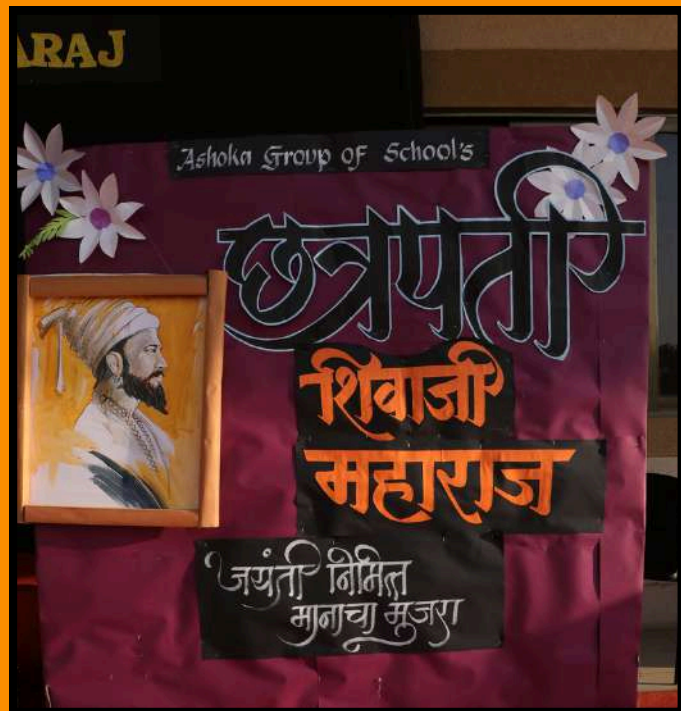

Chhatrapati Shivaji Maharaj was a brave leader who built the strong Maratha Empire. He believed in fairness, respected all religions, and always stood up for what was right.

Today's special assembly was all about how His life teaches us that with courage and smart planning, even small efforts can lead to great achievements.

We even witnessed small performances.

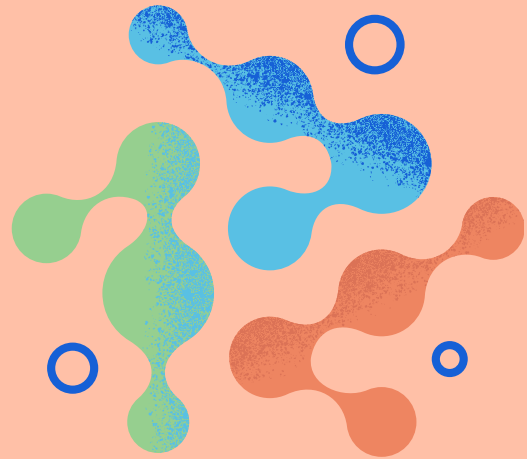

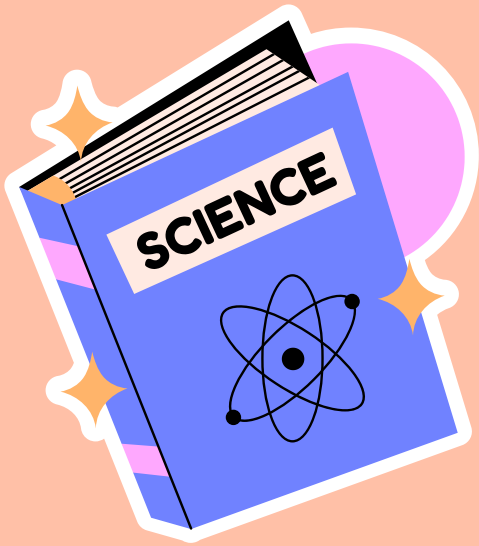

The performers wore traditional costumes and sang songs full of pride, depicting Shivajai Maharaj's birth and early life. The entire school was filled with energy, and it made us feel connected to our roots.

It was a day of learning, celebration, and a lot of joy!

- Leo Tolstoy

Author of ‘War and Peace’

Dear Mimansa,

Today, we celebrated Marathi Diwas with great excitement and pride! The day was very special as it honoured the richness of the Marathi language and its beautiful culture.

The celebrations started with the melodious singing of Marathi songs and the recitation of powerful shlokas. The famous story "Shyamchi Aai", was beautifully presented by a student, reminding us of the importance of mothers in our lives. There were also heartfelt poems written in Marathi, celebrating the beauty of the language.

The stage lit up with colourful performances, especially the traditional Gondhal dance, which made everyone clap and cheer!

All the grandparents were invited and some even shared deep insights about the significance of knowing your mother tongue and being able to speak fluently.

Today reminded us how important it is to love and preserve our mother tongue.

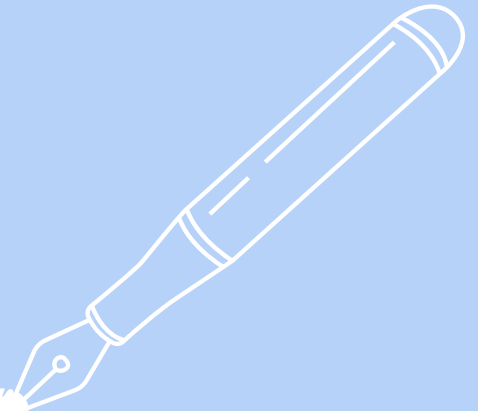

Marathi is not just a language—it is a treasure of stories, music, traditions, and values.

World Poetry Day

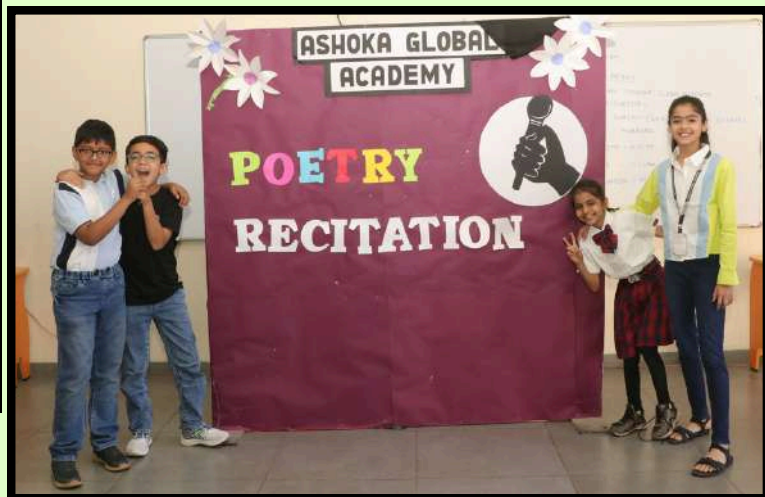

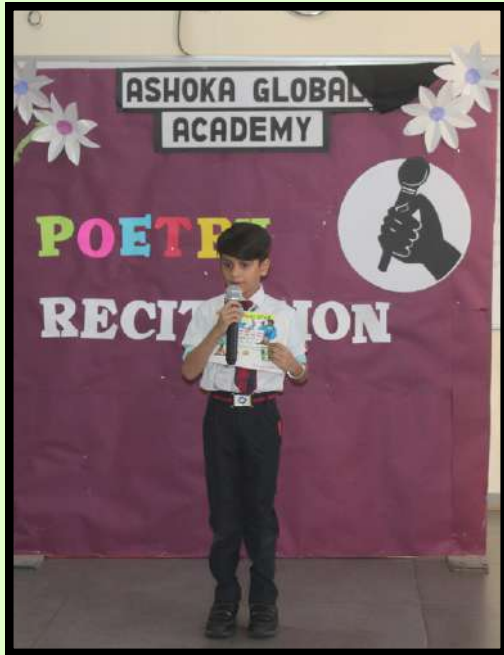

Dear Mimansa,

Today at AGA, we celebrated Poetry Appreciation Day. It was a wonderful event that took place on March 21st, where students from Grades 1 to 7 showcased their love for poetry through group and solo performances.

Students from grade 1 to 7 performed in groups, bringing cute poems, like, The Little Turtle to life. Many classics were beautifully recited, showcasing the depth and beauty of these literary masterpieces. Some students even impressed everyone by reciting their own self-written poems, demonstrating their creativity and passion for the art.

The event allowed us to truly realize the depth of language and how poetry can evoke a wide range of emotions in people. It was amazing to see how words could stir feelings of joy, reflection, and even nostalgia, reminding us of the power of language in connecting us all.

Eid and Holi Celebration

Dear Mimansa,

Today was a truly special day! We celebrated the two of the most important festivals of India, Holi and Eid.

The special assembly started off with the Grade 1 students showcasing a beautiful dance, about Holi and the fun that comes with it. They also recited a poem on Holi that won everyone's hearts.

The most exciting part? The teachers getting together for an unforgettable play depicting the importance of Gudi Padwa and Eid and showing us the similarities between them, that truly made us honour the unity in the diversity of India.

The play was all about the cultural exchanges that happen during this period of time, with the Purnanoli of Gudi Padwa to the Eidis given to children during Eid.

It was a wonderful reminder of how celebrations bring all of us closer together.

Dear Mimansa,

Today was a truly memorable day for all of us at AGA!

Our school hosted a special Farewell Party for the former Grades 10 and 12 students of the academic year 2024–2025.

The event was lovingly organized by the current Grade 10 students assisted by our wonderful teachers.

There was excitement, laughter, and a little bit of sadness too, as everyone gathered to celebrate the journey of our seniors.

Through performances, speeches, and heartfelt moments, we wished them all the very best for the bright future that awaits them.

It was a perfect mix of fun, emotions, and beautiful memories that we will cherish forever!

AGA TALKS

SEASON 1

Dear Mimansa,

Today, we had the first season of AGA Talks for Grades 3 to 5 and 6 to 9. It was an exciting event where students had the chance to express their thoughts on important global issues.

The students participated in three rounds before reaching the final, which was not judged. In each round, they spoke about a topic they felt was significant and connected to world issues. The range of topics included the environment, equality, and the impact of technology.

In the final round, the students spoke with great confidence, sharing their ideas and inspiring everyone with their perspectives. The parents were also invited and some even gave us an insightful feedback on how we could enhance our speaking skills. It was truly amazing to see how passionately they spoke about the issues that matter to the world.

AGA Talks not only helped the students build their speaking skills but also made everyone reflect on the important changes our world needs. The event was a reminder of the power of youth voices in shaping the future!

The Secret Shadow

The old library on the Hill was the pride of the town – a winding network of ancient books and hidden passages. But behind there is a dark history was whispered among the locals: anyone who entered the library after midnight would never return. They called it the work of the Secret Shadow, a revengeful spirit said to guard the secrets hidden in the walls of the library.

A scary night, a 16-year-old, Mira, dared to get into the library. Her best friend, Sam, had disappeared two days ago after sneaking inside on a dare. Determined to uncover the truth, Mira packed a flashlight, her phone, and a pocketknife, and slipped past the locked gates.

The library was silent except for the creaking of wood as the wind shrieked outside. Mira's footsteps echoed as she walked deeper into the puzzle of bookshelves. As she passed through a section labelled 'Authorized Personnel Only', she noticed strange symbols etched into the floor – lock in circle and weird lines.

Suddenly, Mira's flashlight flickered. She heard a whisper: "TURN BACK".

Her heartbeats were pounding, Mira pressed on. At the centre of the library, she found a spiral staircase leading down to a hidden room. Inside, there was an ancient book, bound in black leather, with a title etched in silver: 'The Shadow's Pact.'

As she opened the book, Mira felt the air grow heavy. The pages horrifyingly detailed a story.: Centuries ago.

A group of scholars had discovered a way to trap a shadowy being inside the library, using it to guard their most dangerous knowledge. But the pact had a prize. The shadow demanded a soul every decade, and anyone who entered the library after dark risked becoming its prey. Mira gasped as she saw a drawing of the shadow—a creature with hollow eyes, long clawed hands, a mist-like body.

Before she could react, the lights went out completely. A cold voice echoed: “You’ve read too much, little one.” The Secret Shadow emerged, its towering form blocking the exit. Mira realized the truth: The Shadow wasn’t just a legend. It was alive, and it had been feeding on the souls who entered its domain.

Thinking quickly, Mira flipped through the book. On the final page, she found a spell to trap the shadow again, but it required something in exchange. Mira hesitated, “Take my memory, but spare me and let the others go.” The Shadow paused, then lunged at her. When Mira woke up, she was outside the library, the gates locked once again. She couldn’t remember how she got there or why her pocketknife was missing. But in her hand, she held a single page torn from the book, with a warning in blood-red ink: “The pact is broken. Beware the Secret Shadow.”

The Tunnel

We crept closer and closer, the eerie sound getting louder every second. Tppp, a twig snapped.

"AAAAAAAAAA....." -

I instantly got up from my bed, my heart pounding. It was raining outside; it was 2 a.m. The ticks of the clock. "What happened?" I asked myself. "There must be something to these dreams. I need to get answers." I tried to sleep again; my brain wouldn't let me. It kept thinking about the dream.

The next morning -

"Honey, you're late for school"

"Coming"

I quickly made my way downstairs, ate my breakfast, and left to catch my bus. All this time, I kept thinking about the... DREAM.

Time went by and I met Kael. We were sort of "Battle buddies." It seemed like our brains were interconnected & it was awesome.

I told him about the Dream, and described the tunnel. "I think I know which place you're talking about", he said.

"Maybe it's the tunnel below the Openheimer Bridge."

"Yeah, it does match the descriptions quite well. Maybe we should check it out some time soon." I joked.

Little did I know that 'some time soon' was coming.

The next few nights, I couldn't sleep; I was getting these DREAMS again. It was like they're trying to tell me something. Something which was ALIVE.

I finally told Kael something was wrong; all the sleepless nights, all time spent on thinking about it, and about the THING.

Over the next few day, Kael and I discussed and finally came to the conclusion: we were going to investigate. We packed our supplies not knowing what was lurking for us. We each left a thank you note to our families for what they did for us.

And on the night of December 23rd 2008, we both walked and walked 2 kilometres to meet at a point we discussed earlier and from there we walked 3 kilometres to the tunnel.

1 kilometre in, Kael started to get goose bumps, but we thought it was because of the chilly December nights. We were wrong, very wrong. We continued, finally reaching the destination: the abandoned Openheimer Bridge.

It was all muddy, stained with grease and a blood-like substance on the barrels. We never checked the barrels for what was inside them, but I wish we would have.

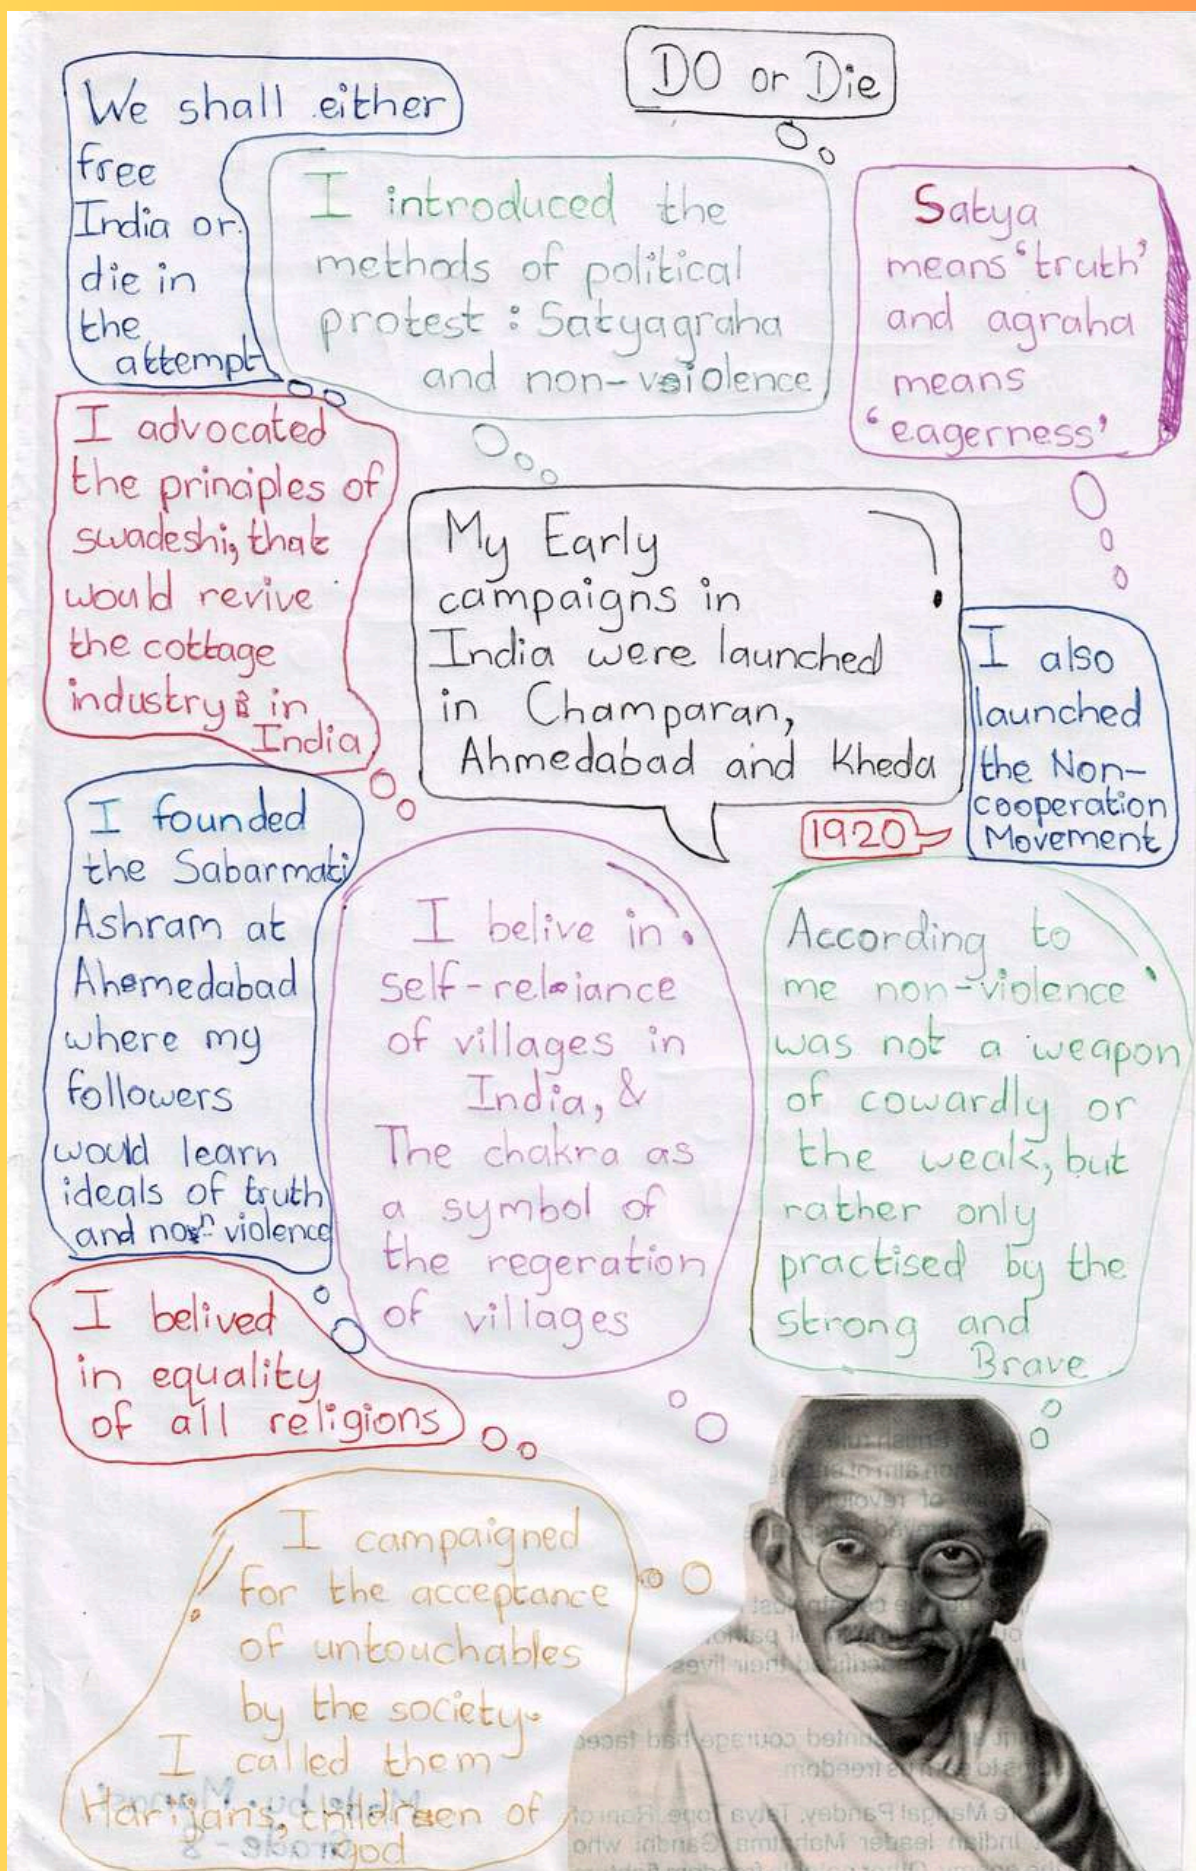

We started to walk towards the TUNNEL. By that time, even I was getting goose bumps which was quite unusual for me. I started to wonder what lied before us, but never wondered in a gruesome way.

We started to hear a high-pitched sound & thought it was the wind.

We crept closer and closer to the tunnel, the eerie sound growing every step. Tpppp, a twig snapped.

GANDHIJI'S ROLE IN THE INDIAN NATIONAL MOVEMENT

BY-
VANISHRI-
BANSAL
SILL
AGA

I, Mohandas Karamchand Gandhi was born at Porbandar in Gujarat on 2nd October 1869. After studying law in England, I went to South Africa where I faced racial discrimination.

In 1919, to protest against the Rowlatt act and the Jallianwala Bagh massacre, I started the Rowlatt Satyagraha.

- CHAMPARAN SATYAGRAH
- AHMEDABAD MILL STRIKE
- KHEDA SATYAGRAH

In 1917, I launched Champaran Satyagraha and in 1918, Kheda Satyagraha in support of oppressed peasants. In 1918, I also launched the Ahmedabad Mill Strike to support the mill workers.

In 1920, Khalifa and Non-Cooperation Movement was started to unite Hindus and Muslims.

Dandi March and The Civil Disobedience Movement—1930-31

In 1930, I began Civil Disobedience Movement with the Dandi March to protest against taxes on salt.

QUIT INDIA MOVEMENT

In 1942, I started the Quit India Movement and gave the slogan "Do or Die".

Mahatma Gandhi

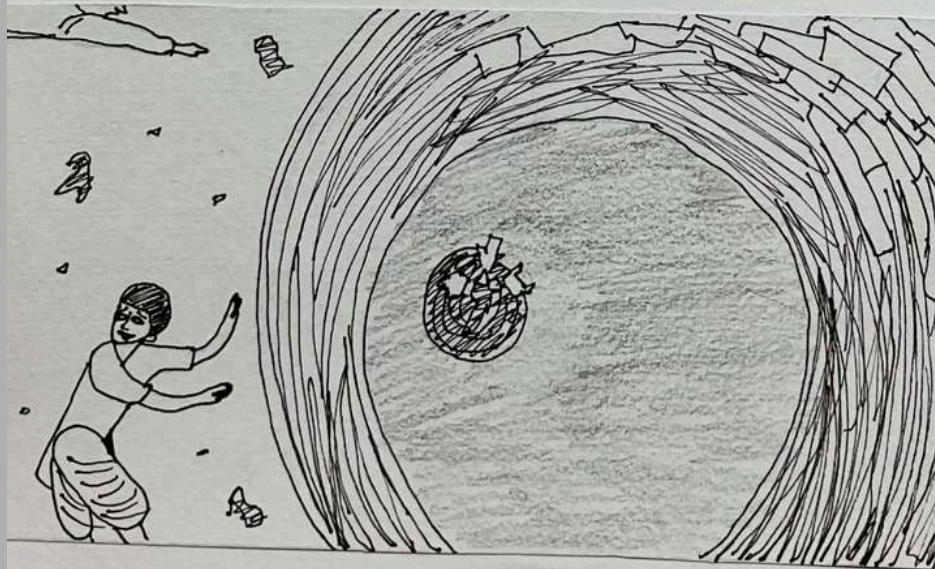

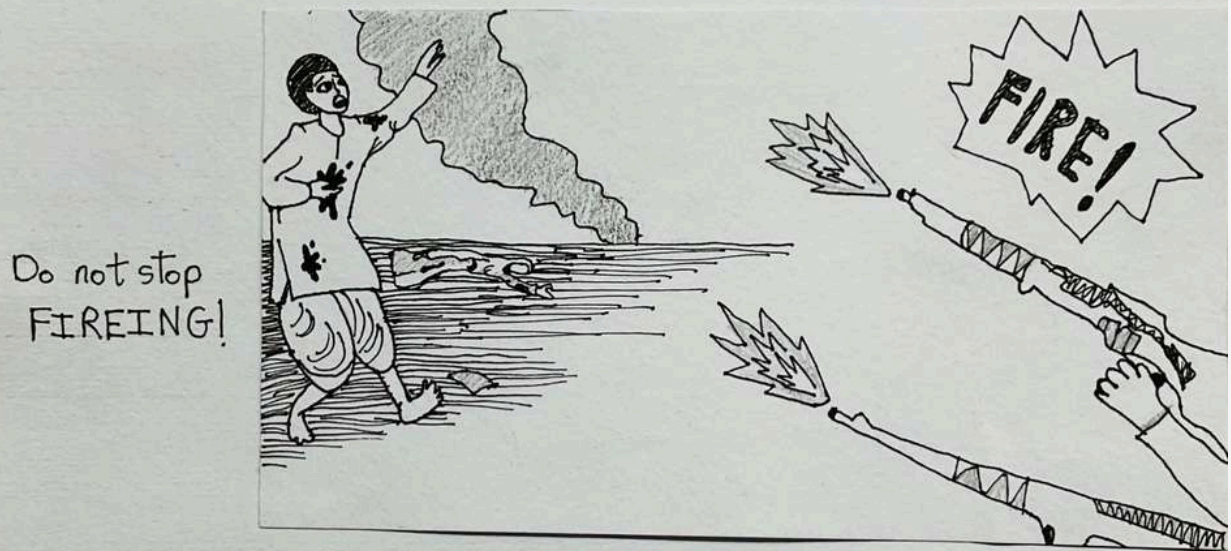

- Mahatma Gandhi was born on 2nd October 1869 in Porbandar, Gujarat.
- His father was Karamchand Uttamchand Gandhi and his mother was Pt. Jibabai.
- Mahatma Gandhi's father was the Dastur (Chief) of Porbandar.
- Mahatma Gandhi married a lady named Kasturba Makhamji Poonacha.
- At the age of 14 years, Gandhi left for London to complete his legal studies.
- Gandhi struggled against discrimination based on the colour of people and became a leader against it in Africa.
- Mahatma Gandhi was the founder of Indian National Congress in the year 1919.
- Mahatma Gandhi was a man of principles. He believed in non-violence and simplicity.
- The Betrayal of Mahatma Gandhi is considered as Gandhi Jayanti in India.
- Every Indian people follow the principles of Gandhi Ji and they call him as Bapu.

POEM

* Theme - Nightmares Vs Dreams

nightmares

Nightmares and dreams

Imagine you are in a world of candies
or a world of goodies
a tree, made of plastic
and everything fantastic
or a car of gold
or a wand to hold
What can be wrong?
or a more fantastic things around

What if you are a butterfly
but you can't fly
What if you are a tree
but you are not green
Cause everything has a dark side
What about we hop in to ^{the other} that side

What if you wake up in the darkness
a lamp with no sparkness
What will you do, hide?
Or would you like to die
you run and run
hoping you will have fun
you try and try
but you have no-one to reply.....

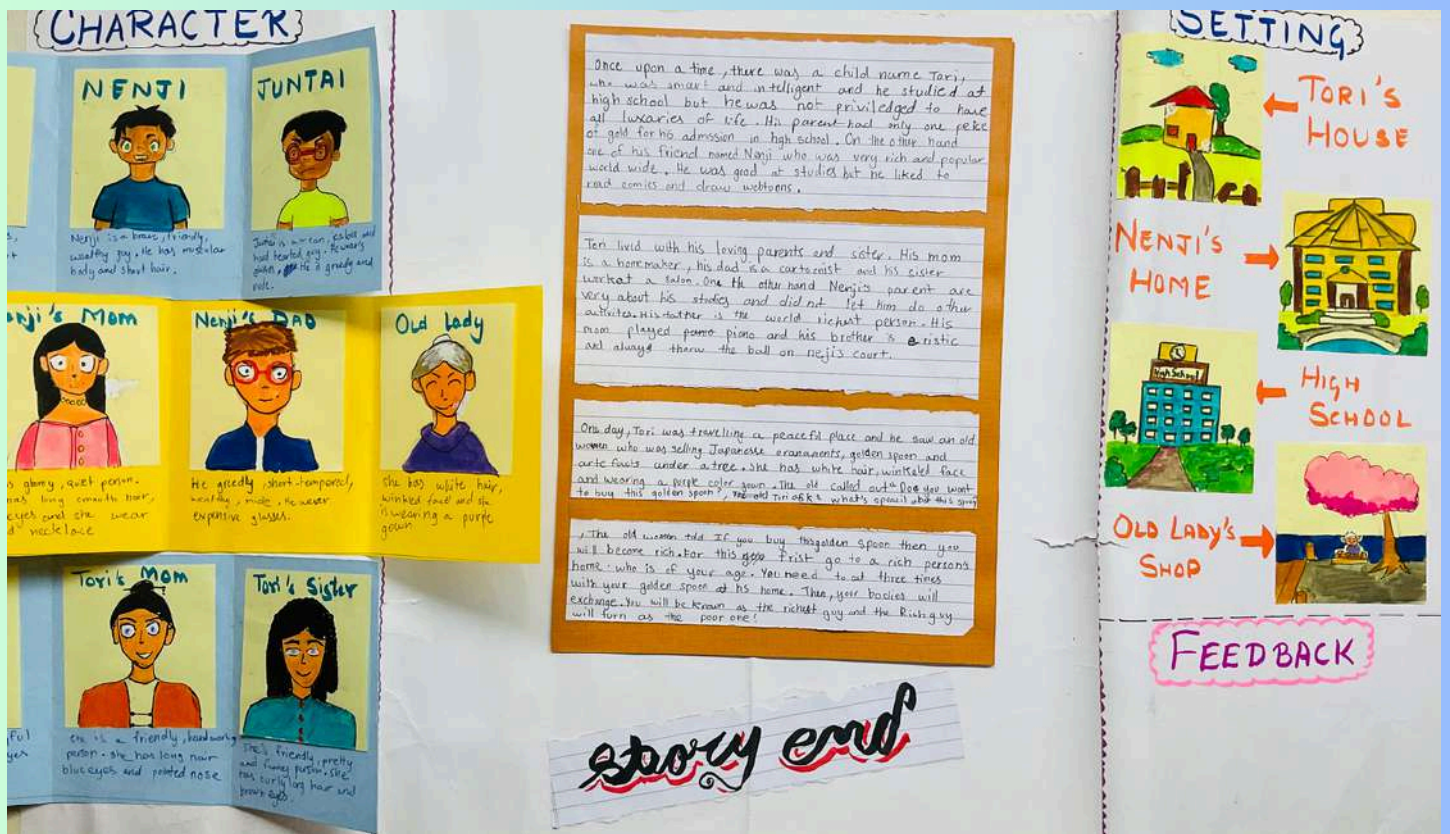

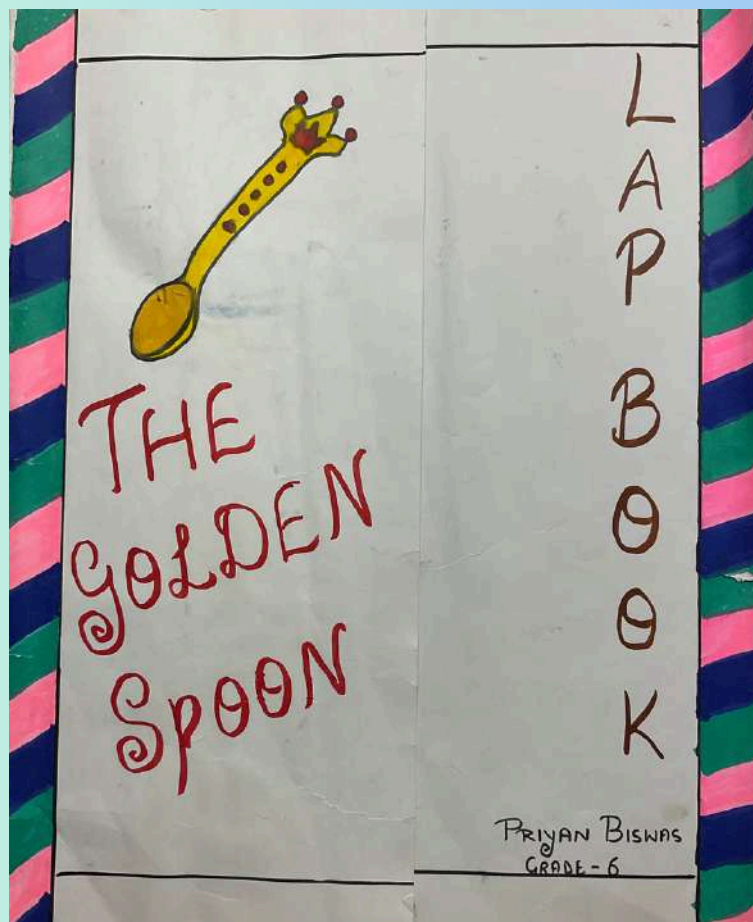

The-end

- Khyaati Patel.

you try to make
everything the best
but it's all waste
and how that's all
more dreams imagination is
being called.

if you are a plant
but really dry - dried up
